## PROSPECTUS 2014

# INFORMATION EVENTS

## At Cornwall College

Information Evening - 24th Oct 2013, 5pm - 7.30pm

Information Morning - 30th Nov 2013, 10am - 12pm

Information Evening - 6th Feb 2014, 5pm - 7.30pm

Information Morning - 22nd Mar 2014, 10am - 12pm

Our Information Events are your chance to find out more about what Cornwall College can offer you.

### You'll have the chance to:

- Talk to tutors about our wide range of courses
- Tour the campus and see our great facilities
- Meet current students and find out about student life
- Find out about transport, finance and student support

Call 0845 22 32 567 to find out which campus to visit for your chosen course area.

### Raising Participation Age

Raising the Participation Age is not the same as raising the school leaving age. You will be able to choose the best post-16 option for you, and you will still be able to leave school after Year 11 if you want to.

### Your choices at 16 are:

- Stay in full-time education, either at college or school sixth form
- Apprenticeship
- Work with training

The Cornwall College Group consists of seven campuses across Cornwall, offering the widest range of high quality academic and vocational training in the county, from entry level to postgraduate study. The group includes specialist colleges: Duchy College and Falmouth Marine School. Cornwall College Business also provides apprenticeship and professional business training throughout Cornwall and Devon.

# CHOOSE CORNWALL COLLEGE

Cornwall College is committed to enriching the lives and creating new opportunities for all members of the community.

You should study with us because we provide a high standard of education and training with a comprehensive range of qualifications that are designed with employers and delivered by industry professionals to ensure that you gain the skills and experience you need to succeed in the workplace.

Enterprise and employability are at the centre of all of our programmes and we pride ourselves on giving you, our learners, access to the best advice and help with our partnerships with industry.

We are also a STEM (Science, Technology, Engineering and Mathematics) Assured college.

#### Ofsted says our...

Ability to meet the needs of our students is outstanding.

#### Our students say...

The College has a friendly, supportive atmosphere.

#### Our partners say...

"I started employing Cornwall College apprentices in 2004. Currently, seven out of the 10 chefs that work for me have studied with Cornwall College."

Nathan Outlaw at the St Enodoc Hotel, Rock

# CORNWALL COLLEGE CAMBORNE

Cornwall College Camborne is a big college with a big heart. Our friendly staff have a reputation for helping students achieve their best.

Located at the hub of local transport routes with direct access from Truro, Falmouth, St Ives, Helston and Penzance, you will find that we are easy to get to.

To help your studies on campus we have plenty of facilities including:

- State-of-the-art automotive department
- Gym facilities
- Dance studio
- All-weather pitch
- Football Development Centre
- Two commercial hair salons
- Beauty suites, tanning salon and nail bar
- Up-to-date learning centre housing a range of books, journals and magazines
- Silver Service restaurant

In between classes you have your own student union. Here you can relax on the sofas and listen to music, play pool, table tennis and arcade games, while eating at the snack bar.

Grab a bite to eat at the restaurant or at either of the two canteens on campus which offer everything from a quick cuppa and slice of cake, to full blown three course à la carte meals. There is also a shop which offers everything from student supplies to novelty gifts.

**dBs MUSIC**

# CORNWALL COLLEGE NEWQUAY

Study courses by the sea at Cornwall College Newquay.

Cornwall College Newquay is a small and friendly campus located in the heart of the bright and bustling town of Newquay. It's one of the 'go-to' places in Cornwall.

Specialising in animal, marine and surf science studies, the College has a reputation for being environmentally friendly and offering individual support in all aspects of study.

The campus is located alongside Newquay Zoo, where you are able to work closely with the zookeepers, caring and learning about the animals during your studies.

As a student you will also be able to benefit from our partnership with Blue Reef Aquarium by gaining valuable work experience.

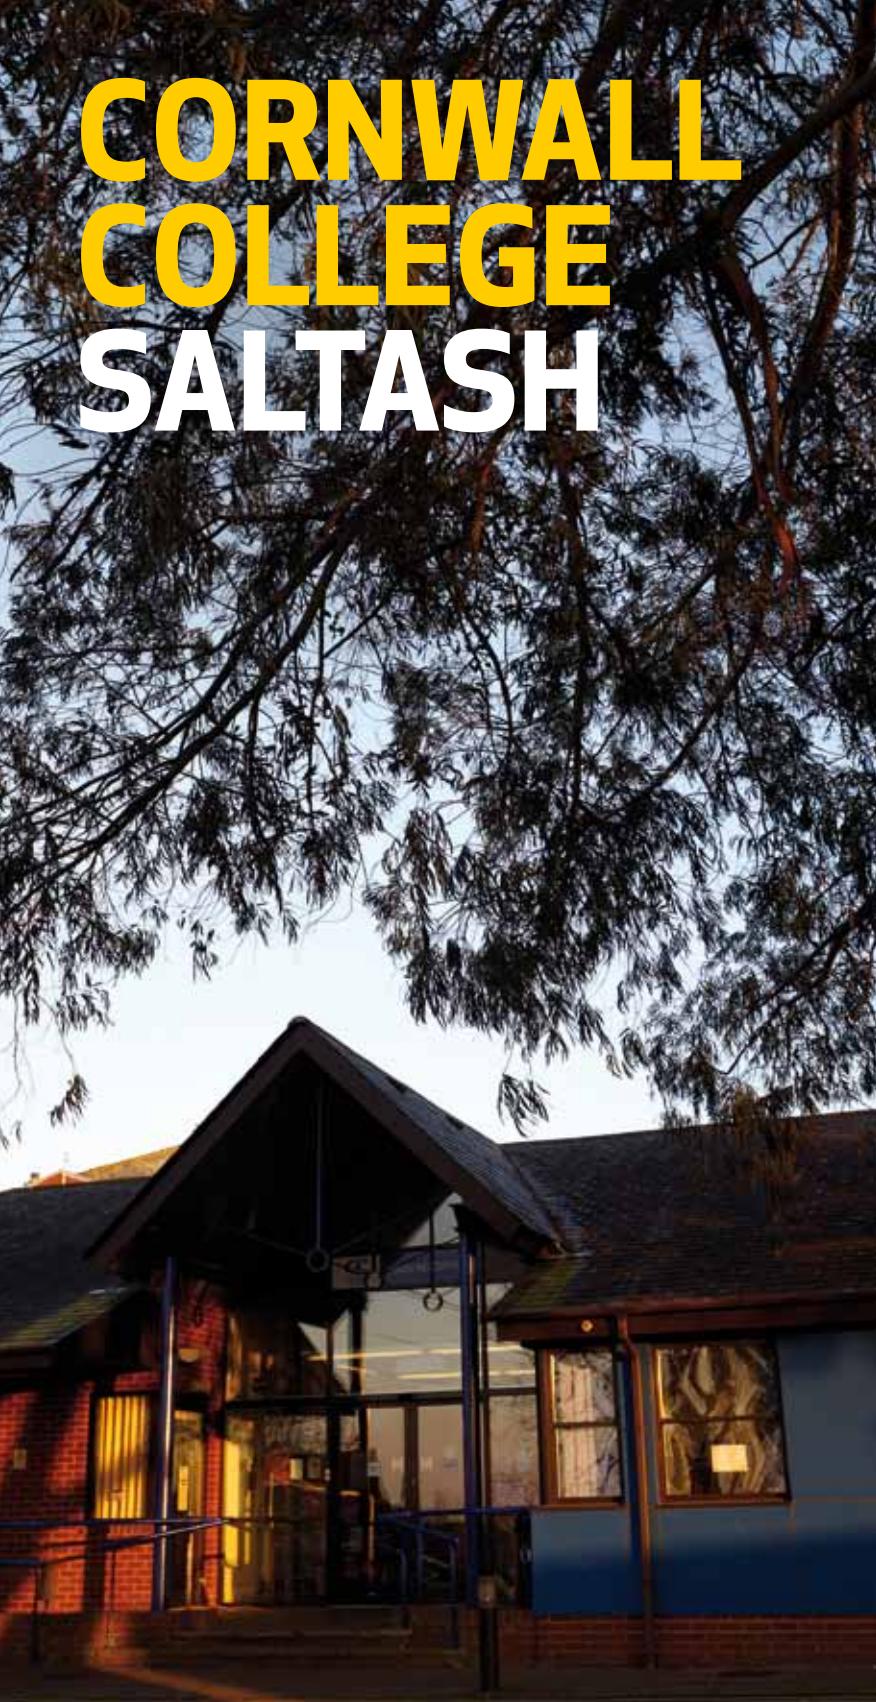

We also have two classrooms on Tolcarne Beach, ideally situated for surf science and marine studies.

The Watering Hole is the main place to rest, relax and refuel. The food is locally produced, free range, organic, farm assured and where possible from sustainable sources, all at very reasonable prices.

In partnership with

# CORNWALL COLLEGE SALTASH

**Cornwall College Saltash is small and friendly.**

Just five miles from the city of Plymouth, the campus at Saltash is in a semi-rural location, perfect for transport links if you live in South-East and North Cornwall, Plymouth or South-West Devon.

Offering vocational courses in numerous areas, facilities on campus include:

- Commercial hair salon
- Beauty suites and tanning salon
- Up-to-date learning centre housing a range of books, journals and magazines
- State-of-the-art training kitchen
- Construction Skills Centre

Part of Saltash's charm is the way that students are welcomed and encouraged in all areas of college life. You can take part in our Student Xtra programme which is open to all students and offers an exciting range of activities, outside your studies.

If you're looking for a place to unwind and catch up with friends the Flamingo Café has comfortable seating, music and a TV and a wide range of local fresh food from quick snacks and sandwiches, to healthy nutritious meals, all served at very reasonable prices.

**In partnership with**

# CORNWALL COLLEGE ST AUSTELL

Overlooking the bay, the large campus at St Austell is welcoming and friendly and provides students with facilities for study, health and fitness and socialising.

You'll find St Austell on Tregonissey Road, the number 101 bus to the Eden Project stops at the end of the drive and we're only a 15-minute stroll from the bus and railway station.

On the campus you'll find all the resources you need to help you on your journey to success, including:

- A newly refurbished fitness suite
- Cafés and a restaurant
- Dance studios
- Keay Theatre
- Hair, beauty and tanning studios
- Nail salon
- Cinema and photography studio
- Construction, engineering and motor vehicle workshops
- IT suites and learning centres

There are three main eateries around the campus; The Bay, Coffee Shop and Cloisters, which means you can choose anything from a chilled bottle of water to a full blown three course à la carte meal.

The Treg is the place to chill out, play pool or table tennis with your friends during study breaks and lunch. It is also the place to find your student liaison officer and find out more about Cornwall College Students' Union.

There is also a student run shop which offers everything from student supplies to novelty gifts. Prices are very low and excellent value for money.

## In partnership with

# STUDYING AT CORNWALL COLLEGE

"Cornwall College is the only place to study with the Peter Jones Enterprise Academy in Cornwall, it's a really professional environment, we attend college everyday 9-5 and have to wear smart business dress at all times. When I finish the Level 2 course I want to study further and start my own aquatics business. I'm also planning to use the skills I've learnt on this course to organise my own charity Iron Man event."

RHYS SPRY

## Opportunities for that added extra

As part of your study programme, Cornwall College will provide a wide range of opportunities to help you stand out from the crowd:

### Real working environments:

Hair and beauty salons, restaurants and kitchens, media studios, theatres and retail outlets

### Opportunities for work experience

### Business start-up:

Support in exploring ideas

### As well as...

Employability/enterprise qualifications

Self-development awards

Industry related employability and skills modules

### Work related experience such as:

- Volunteer work
- Community based projects
- Industry related projects
- National challenges & competitions
- Variety of employer activity e.g. guest speakers, workplace visits
- Duke of Edinburgh Award

From September 2013 study programmes require that students will continue to study English and mathematics if they do not achieve a grade C at GCSE in these subjects. This will mean re-taking these GCSEs if a grade D was achieved, or if a grade E or below was attained, you will be required to study functional skills.

# GETTING YOU TO COLLEGE

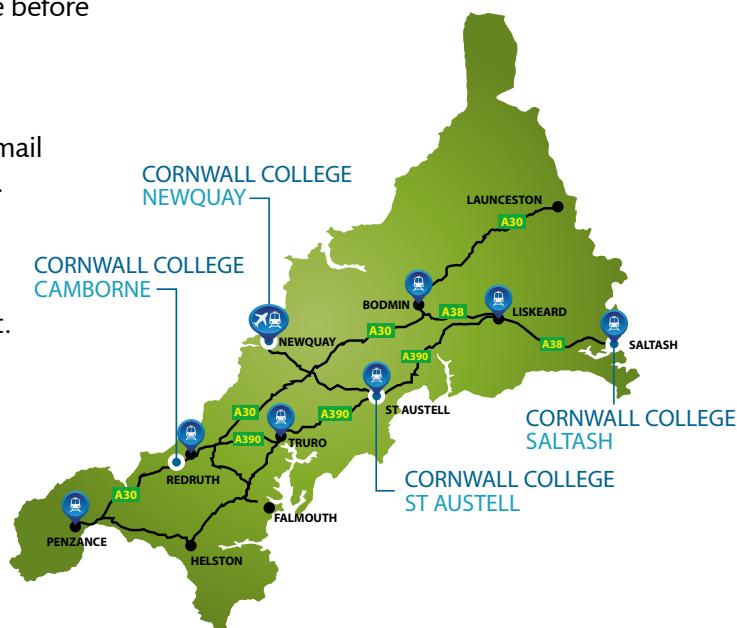

We currently offer our further education students a range of transport options, covering the whole of the county and Plymouth. This will help you to access the College easily and at a subsidised rate.

Once you have accepted an offer of a place with us, contact our transport advisors. They will work with you closely to ensure that your transport arrangements are fully in place before you begin your course.

Call our transport advisors on 01726 226404 or 226618 or email [bus-transport@cornwall.ac.uk](mailto:bus-transport@cornwall.ac.uk).

Find the most up-to-date information on transport at [www.cornwall.ac.uk/transport](http://www.cornwall.ac.uk/transport).

We offer travel assistance to all further education students\* living more than three miles from college. Additional assistance from home to the nearest bus stop will be considered if you live more than five miles from the designated pick-up-point.

\*Further Education students aged 19+ should contact our transport advisors direct for individual advice on transport options.

## Some important information:

- Transport applications are valid for one year only. You must re-apply for your second year
- Bus passes are route specific and cannot be used on any other service
- You will need to produce your pass for every journey
- There is a code of conduct for travel to and from college clearly displayed on all tickets
- All vehicles operate a no smoking policy

## FREE Transport to college

If you are aged between 16 and 18-years-old on 31st August 2014, and your household income is below £31,000, you will be eligible for free transport. You'll need to get in touch with us to arrange this so call the transport advisors on 01726 226404 or 226618 or email [bus-transport@cornwall.ac.uk](mailto:bus-transport@cornwall.ac.uk).

If you aren't eligible for free transport it will still be subsidised but you must contact us so we can help you. If you do have to pay for the subsidised pass, the fee can be paid annually or over three terms (autumn, spring and summer) if preferred at no extra charge. Please ensure that you apply by 1st August or you may have to travel and pay independently until your pass is processed.

## First Concession Scheme

First buses are offering a discount to all full-time students regardless of age. Purchasing a student concession pass entitles you to travel at child rate on any First route, anytime, anywhere in Cornwall.

Passes are available for an academic year or a full year and a reduced concession charge is available if you only need to travel one day a week.

There is also a Freedom Rider option which covers all journey costs in full between September and July. Contact the transport advisors to find out more.

- Drawing
- Ideas generation
- Visual communication
- Contextual studies
- Experimentation with materials
- Techniques
- Photography
- Animation and graphic design
- Illustration and life drawing
- Painting and printmaking
- Sculpture and ceramics
- Fashion and textiles

**How will I be assessed?**  
Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**  
On successful completion you will be able to progress to:

- Art, Design and Media ABC Foundation Diploma
- Art & Design BTEC Foundation Diploma
- FdA Contemporary Creative Practice

# COURSE LEVELS

It's important you choose the correct level of course after GCSEs whether you intend going on to university or into employment. Below is a useful guide showing how courses are structured, what the different levels mean and what qualifications you need to get started.

Level	Entry Requirements	Qualification (Examples)	Progression
LEVEL 4-7	Relevant Level 3 qualification	Honours Degree Foundation Degree HNC/HND	Postgraduate study or improved career prospects
LEVEL 3	GCSEs in A* - C range or relevant Level 2 qualification	A-levels City & Guilds Certificates, Diplomas, Subsidiary Diplomas and Extended Diplomas BTEC Certificates, Diplomas, Subsidiary Diplomas and Extended Diplomas NVQ3	University/higher education study or employment
LEVEL 2	GCSEs in D - G range or relevant Level 1 qualification	City & Guilds Certificates, Extended Certificates and Diplomas BTEC Certificates, Extended Certificates and Diplomas Specialised Diploma NVQ2	Further study or employment
LEVEL 1	No prior qualifications needed	BTEC Introductory Diplomas and Certificates City & Guilds Diploma NVQ1 Various foundation qualifications	Further study or work as trainee
LEVEL E Entry Level	No prior qualifications needed	Various qualifications in preparing for work, further study and/or independent living e.g. Progression Awards	Further study

# A-levels

99.1%  
pass rate

The College has heavily invested in resources for students; this is the third year in our new A-level Centre at St Austell. With these new facilities, small group sizes, close tutorial support and our outstanding staff, you will receive excellent support, quality teaching and a great environment for study.

**"I really enjoy studying  
at the College and the  
A-level Centre is great."**

JESSIE WHITTAKER

**To study three AS-levels you must achieve:**

- At least 5 A\* - C grades at GCSE, including at least one designated B grade
- GCSE English language or GCSE mathematics
- Meet the specific subject criteria as outlined in the prospectus.

**To study four AS-levels you must achieve:**

- At least 5 A\*- C grades at GCSE, including at least two designated B grades
- An average GCSE score of at least 5
- Both GCSE English language & GCSE mathematics
- Meet the specific subject criteria as outlined in the prospectus.

Students who do not achieve GCSE English language or mathematics at grade C or above will be required to re-take this qualification during their first year in place of one of their AS-level options.

## Applied Science

LEVEL  
3

### Art & Design (Fine Art)

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

Applied Science is a highly vocational course which focuses on how science is applied in many different types of professions and industries. You will get to apply an investigative and problem solving approach that reflects contemporary workplace practice and build a portfolio of coursework based on these techniques.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in English Language).

**What does the course involve?**

Study of this course is carried out through a mixture of lectures, research techniques, practical work and interactive learning activities. You will:

- Investigate the importance of science
- Be introduced to the principles of analytical techniques used in forensic, pathology and research laboratories
- Monitor the activity of organs
- Investigate science at work
- Study the applications of biotechnology

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you have an interest in creating meaning by an expressive or an inventive artistic response to the visual world, a personal context, or social issue, then this is the course for you.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in a relevant art subject).

**What does the course involve?**

During the course you will develop your abilities in the areas of:

- Painting – using tone and colour, light and space
- Drawing – exploring the basics of drawing and working initially from direct observation
- Printmaking – experimenting with techniques and processes
- Sculpture – experimenting with a range of materials
- Lens-based imagery – using both traditional and digital camera equipment and exploring chemical technology
- Alternative media – producing innovative work that can be 2D or 3D

**How will I be assessed?**

Assessment includes a coursework portfolio and a controlled assignment.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Art & Design BTEC Foundation Diploma
- University
- An apprenticeship

## Art & Design (Graphic Design)

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

Graphic design is visually communicating anything to any audience on any surface using any medium: every sign, advertisement, menu, instruction manual, label, website, TV graphic and everything else which you see every day. If you enjoy creative thinking and self-expression, and have an interest in how ideas, feelings and meanings are visually communicated to different audiences, this A-level will introduce you to the exciting, innovative and challenging world of graphic design.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in a relevant art subject) or a good portfolio.

**What does the course involve?**

You will learn by producing a portfolio of work that shows exploration, research and acquisition of techniques and skills developed. Topics covered include:

- Typography
- Illustration
- Advertising
- Mixed media
- Book illustration and cover design
- Promotional material

**How will I be assessed?**

Assessment includes a coursework portfolio and a controlled assignment.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Art & Design BTEC Foundation Diploma
- University
- An apprenticeship

## Art & Design (Textiles)

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

This course will help you to develop an understanding of colour, pattern, form and texture through the application of surface pattern, construction methods and design elements. It is very practical and you will investigate a wide range of textiles techniques, processes and materials.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in a relevant art subject) or a good portfolio.

**What does the course involve?**

On this course you will be able to study:

- Surface pattern
- Printed and dyed fabrics and threads
- Constructed textiles such as felting and weaving
- Hand and machine knit
- Image transfer techniques
- Fashion design and adornment
- Fabric manipulation and surface decoration

**How will I be assessed?**

Assessment includes coursework, personal investigations and controlled assignments.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Art & Design BTEC Foundation Diploma
- University
- An apprenticeship

# Biology

LEVEL  
3

# Business Studies

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you have an interest in the living world studying biology is for you. Biology is always in the news: genetic engineering, stem cells, endangered species, DNA fingerprinting, food safety, pollution, new diseases and new ways to treat them. Biological developments affect our lives in many ways and this course will give you a better understanding of these biological issues.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in additional science or Biology and mathematics and an average GCSE score of 5.5).

#### What does the course involve?

This course builds on the knowledge and understanding you gained at GCSE. You will find out about modern biology at all its levels: from biological molecules to cells and individuals, and from populations to ecosystems.

Topics may include:

- The structure of cells
- Biological molecules
- Biodiversity
- Gas exchange and transport
- Photosynthesis and respiration
- Homeostasis and genetics

#### How will I be assessed?

There will be a mix of examination and assessment.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

Business Studies A-Level will give you an understanding of the combination of different subjects that drive the operation of businesses and organisations in the real world: marketing, finance, economics, human resource management, business ethics, operations management, business strategy and law.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English).

#### What does the course involve?

The course is designed to give you the opportunity to think critically about business, markets, the business environment and how businesses start, develop, grow and change. You will study:

- Planning and financing a business
- Managing a business
- Strategies for success
- The business environment and change

#### How will I be assessed?

Assessment is by examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

# Chemistry

LEVEL  
3

## Communication & Culture

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

Many of the products and items that you use in everyday life are a direct result of the application of chemistry. By studying chemistry, you will have a deeper awareness of the importance of it and how vital it is in understanding the way in which the world works.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in mathematics and science and an average GCSE score of 5.5).

### What does the course involve?

On this course you will study:

- Organic chemistry – carbon and its compounds
- Inorganic chemistry – compounds of elements other than covalently bonded carbon compounds
- Physical chemistry – the physical properties of chemical substances in kinetics, equilibria, thermodynamics, redox reaction and electrochemistry

### How will I be assessed?

There will be a mix of examination and assessment.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

A-Level Communications & Culture is about how you interact with people and communicate ideas. It is also about how you are influenced and how culture influences family, upbringing, lifestyle, your interests, and how you come across to others.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English language or literature).

### What does the course involve?

You will study a wide range of topics focusing on how and why human beings communicate and the part this plays in informing and developing our cultural identities. Topics include:

- Verbal and non-verbal communication
- Socialisation
- Personal identity

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

# Computing

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

Computing can be defined as the study of natural and artificial information processes. A-Level Computing develops your skills in creating software programmes to solve problems and helps you to understand how processors carry out programming instructions.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in mathematics).

### What does the course involve?

The course is about computational thinking and its application, topics covered include:

- The kind of thinking used by humans and machines
- Problem solving, choosing and using the correct hardware and software
- Writing your own programs using Visual Basic
- Understanding and using networks, internet and communications
- The structure of the computer, its CPU and I/O methods

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

*"I originally chose to do A-levels because I have always wanted to go to university and since coming here, I have got a place to do a Media and Communications degree next year. Studying at Cornwall College has been a great experience, I feel like I have improved over a short period of time and I am learning a lot too."*

KAY DE COURCY

# Dance

LEVEL  
3

# Economics

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you are an academic, creative and energetic performer, as well as a perfectionist and critic this is for you. It is a demanding course and you will be challenged both practically and academically. You will develop your dance skills, knowledge and understanding of contemporary dance. Be prepared for hard work and fun.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade C in English or mathematics).

#### What does the course involve?

This course is a fantastic way for you to develop movement, choreographic and performance skills, as well as an intelligent approach to dance study. Units studied include:

- Understanding dance
- Choreography and performance
- Dance appreciation: content and context
- Group choreography and solo performance

You will also attend performances by professional companies and dance in your own performance at the Keay Theatre.

#### How will I be assessed?

There will be a mix of assessment and examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

You will look at, in depth, the answers to issues in the news such as, why is climate change such an important issue for the world economy? What is a recession? You will discuss a variety of topical issues and give your opinion about the answers. This subject aims to give you a critical awareness of the economy and government policy in general.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in mathematics).

#### What does the course involve?

You will look at the fundamental forces which affect our lives, such as employment, prices, international trade and poverty. Areas covered include:

- Macroeconomic and microeconomic issues around government policy
- Business economics
- National and international economy
- Looking at globalisation and the European Union

#### How will I be assessed?

There will be a mix of assessment and examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

"In the future I want to join the police force working on major incidents and I am going on to do Criminology at university. Since coming to the College I've gained a lot of confidence in myself. It has taught me that nothing is impossible."

CHARLOTTE KNIGHT

# English

# Language & Literature

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This is the ideal subject for you if you are interested in both the origins and nuts and bolts of our language; where our words come from, how they are formed and the rules we use (and break) to string them together, and reading and exploring literary texts such as plays, poetry and novels.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English language).

#### What does the course involve?

On this course you will study language and literature as inter-connecting subjects in order to deepen your understanding and enjoyment of the variety of ways in which meaning is communicated. You will need to make comparisons and connections between a range of literary and non-literary texts both modern and pre-20th Century. The four units you will study are:

- Exploring voices in speech and writing
- Creating texts
- Varieties in language and literature
- Presenting the world

#### How will I be assessed?

There will be a mix of assessment and examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

# English Language

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course will appeal to you if you have an interest in studying a wide range of examples of English texts, literary and non-literary, spoken and written, and in developing your expertise in writing for a variety of different purposes and audiences.

## Duration

Two years full-time

## Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English language).

## What does the course involve?

You will study both written and spoken texts from all areas of communication. You will be encouraged to develop your interest and enjoyment of English through learning about its structures, functions, development and variations. You will also be able to develop your ability to express yourself in speech and writing with increasing competence and sophistication and encounter a varied range of reading to develop your skills of critical analysis. Some of the units you will study include:

- Categorising texts
- Exploring comparison and production

## How will I be assessed?

There will be a mix of assessment and examination.

## What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

ST AUSTELL  
NEWQUAY

This course will appeal to you if you enjoy reading and expressing opinions and justifying and supporting views on the major literary genres of poetry, prose and drama.

## Duration

Two years full-time

## Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English literature).

## What does the course involve?

On this course you will read, research, present, perform, attend performances, discuss, debate, dispute, prove, disprove, agree and engage with texts on many different levels. The four units you will study are:

- Explorations in prose and poetry
- Explorations in drama
- Interpretations of prose and poetry
- Reflections in literary studies

## How will I be assessed?

There will be a mix of assessment and examination.

## What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course will suit you if you are interested in and curious about the environment and the planet on which we live. The emphasis is on a scientific approach to the study of the environment, to provide the knowledge and understanding to enable an informed judgement to be made on matters of actual or potential environmental conflict.

## Duration

Two years full-time

## Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in science or geography).

## What does the course involve?

This course is designed to provide an opportunity to study a range of issues of environmental importance and the scientific principles and concepts which underpin them. Discuss a range of issues including the climate, the lithosphere, the biosphere, global warming and the ozone layer and the ways in which we interact and affect them. The four units you will study are:

- The living environment
- The physical environment
- Energy resources and environmental pollution
- Biological resources and sustainability

## How will I be assessed?

Assessment is by examination.

## What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

## Film Studies

LEVEL  
3

## French

LEVEL  
3

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

Film was the major art form of the 20th Century and it is a cultural form that is still of great significance at the beginning of the new millennium. Film studies is of course 'about' film, but the aim of the course is to use this important medium as a way of engaging your emotions as well as your brain to understand how people respond to the modern world.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in English language or literature).

**What does the course involve?**

The focus of the course is on films themselves, as both art form and popular entertainment, and the primary activity is analysing them to gain a deeper understanding, appreciation and enjoyment of film. You will study:

- The modern cinema industry
- British film topics
- Hollywood film
- Foreign language or historical subjects

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

French is a great subject choice because you develop your cultural and political awareness of the French-speaking world and develop your language skills to the point of fluency. This course will suit you if you have a desire to improve your communication skills, enjoy a lively discussion in French, have a curiosity about the mechanics of language and grammar and have an interest in other cultures and current affairs.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in French).

**What does the course involve?**

On this course you will study a wide variety of topics linked to French culture which will allow you to develop your spoken French to a high standard. The study of grammar and the development of accurate written skills is also an integral part of the course. You will cover:

- Youth culture and concerns
- Lifestyle - health and fitness
- The world around us
- Education and employment
- Customs, traditions, beliefs and religions
- Literature and the arts

**How will I be assessed?**

Assessment is by examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

## Further Mathematics

LEVEL  
3

## Geography

LEVEL  
3

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you have a particular liking for and ability in mathematics you should consider A-Level Further Mathematics. This course extends and develops some of the knowledge contained in A-Level Mathematics and will introduce you to new topics such as matrices and complex numbers.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade A in mathematics).

**What does the course involve?**

This course covers applied and pure modules. You will study units in:

- Statistics
- Statistical distribution – binomial, Poisson and normal distributions
- Mechanics
- Curve sketching
- Complex numbers
- Matrices and methods of proof
- Hyperbolic functions

**How will I be assessed?**

Assessment is by examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

A-Level Geography is a broad, yet engaging subject which will develop your understanding of the processes that have shaped planet Earth. From global to local scale, geography is an ever-changing discipline tackling issues like climate change, coastal erosion, volcano management and population change.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in geography, English or history).

**What does the course involve?**

On this course you will study core units in human and physical geography, applied geography, contemporary geographical issues and geographical fieldwork investigation. Some of the topics within these units include:

- Rivers, floods and management
- Cold environments, coastal environments and hot desert environments and their margins
- Global population change
- Food supply issues, energy issues and health issues
- Plate tectonics and hazards
- Ecosystems and globalisation

**How will I be assessed?**

Assessment is by examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

# Geology

LEVEL  
3

## German

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

In A-Level Geology you will study the Earth and the life that has lived on it since it was formed 4.5 billion years ago. Every major world resource is stored in the ground, the development of renewable technologies is dependent on the rare earth elements, all of which are found in the ground and require geologists to find them.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in mathematics, science, English or geography).

#### What does the course involve?

This course gives you a long-term overview of the development of the planet and the processes that happen on it and in it. Global tectonics, rock cycles, economic and environmental geology and palaeontology are all subjects that you will cover within this course. Topics include:

- Earthquakes
- Continental drift
- Geological structures
- Igneous, sedimentary and metamorphic processes
- Water supply
- Energy resources
- Changing climate

#### How will I be assessed?

Assessment is by examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you are interested in languages and communication, have a curiosity about the mechanics of language and an interest in grammar and enjoy learning about other cultures and ways of life, then A-Level German could be for you.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in German).

#### What does the course involve?

You will study various themes which are linked with German society and culture. The study of grammar and the development of accurate written skills is also an integral part of the course. You will read, understand and extract information from sources such as magazines, newspapers, reports and books. Topics include:

- Youth culture and concerns
- Lifestyle - including health and fitness
- Travel
- Environmental issues

#### How will I be assessed?

Assessment is by examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

# Government & Politics

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

Politics straddles so many areas of learning: philosophy, economics, history, war studies, world development, renewable energy, international trade and globalisation to name a few. You will gain an understanding of the ways in which the country works internally and externally.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English language, history or geography).

#### What does the course involve?

You will develop a critical awareness of the nature of politics and the relationship between the people and the different political systems. In addition you will explore the rights of the individual and the effect which the EU is having on all of our lives. Topics studied include:

- Structures of UK authority and power
- Legislature, executive and judiciary
- UK party systems and pressure groups
- Electoral systems and parliamentary elections
- Voting behaviour and party ideology
- Global politics

#### How will I be assessed?

Assessment is by examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

"I came to Cornwall College St Austell because it offered me the courses that I wanted to study. It really is a step up from secondary school and it has given me the chance to meet new people and start afresh. I wouldn't be studying German now if it wasn't for Cornwall College St Austell."

## Health & Social Care

LEVEL  
3

## History

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you are interested in gaining a greater awareness and understanding of human behaviour and the rights, values and responsibilities of health care providers then this course is ideal for you. You will gain invaluable and thoughtful prospective on contemporary issues in health and social care.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English language).

### What does the course involve?

Study is divided between compulsory and optional units including:

- Effective care and communication
- Understanding health conditions and patient care pathways
- Life as a challenge
- Educating children and young people
- Learning and development
- Practitioner roles
- Food and fitness
- Using and understanding research
- Understanding mental disorders
- Diagnosis, treatment and preventative strategies

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course will give you an understanding of the value and significance of world events in the past. Knowing how people lived in the past helps you to understand why people act the way they do. In the process you'll gain a deeper understanding of social, cultural, religious and ethnic diversity.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English language, history or geography).

### What does the course involve?

To further develop your understanding of history, on this course you may study:

- The History of Tsarist Russia 1855 – 1917
- Life in the Third Reich in Germany 1933 – 45
- The state and the people 1918 – 64
- Life in Nazi Germany 1933 – 45
- Britain 1483 – 1529
- The Triumph of Elizabeth 1547 – 1603

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

## Information & Communication Technology

LEVEL  
3

## Law

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

In A-Level Information & Communication Technology (ICT) you will study the use and transmission of data to produce information after processing. In other words, looking at all the uses of digital technology that already exist to help individuals, businesses and organisations use information.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English).

### What does the course involve?

You will learn the social, legal and ethical issues of ICT as well as acquiring skills in a variety of software. You will also learn how to apply ICT to solve problems and the study of the opportunities for, and effects of, using ICT in the world today. Topics you will study include:

- Information systems
- Presenting information
- Use and impact of ICT
- Relational databases

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you are interested in the legal system, people and society you will make a good law student. On this course you will be encouraged to develop analytical, communication and reasoning skills, extend your reading material and engage in legal research.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in English).

### What does the course involve?

Studying A-Level Law will include:

- Exploring the courts, police powers and principles of sentencing
- Studying the legal profession, juries, magistrates and funding
- Investigating Acts of Parliament, judicial precedent and law reform
- Criminal law, offences and defences (in the second year)

### How will I be assessed?

Assessment is by examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

# Mathematics

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you enjoyed mathematics at school and like solving problems then you should consider Mathematics A-Level. As well as being a fascinating and rewarding subject the knowledge of mathematics is fundamental to many areas of university study and employment.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in mathematics).

**What does the course involve?**

The course is modular with pure mathematics at its core, other areas you will look at include:

- Algebra
- Trigonometry
- Calculus
- Mathematics of growth and change
- Statistics
- Mechanics

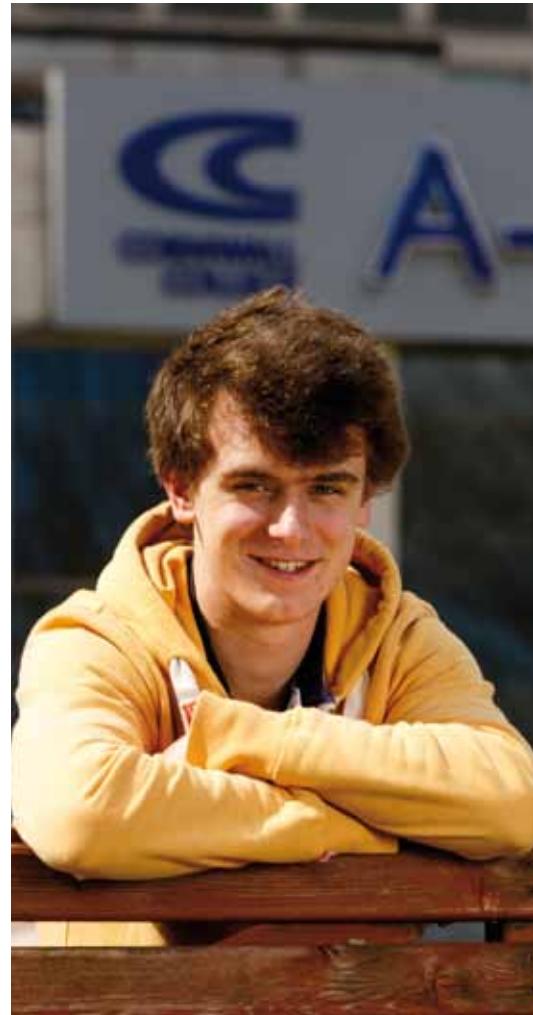

**How will I be assessed?**

Assessment is by examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

"I've gained confidence by studying A-levels and learnt how to manage my time precisely to meet specific deadlines for my subjects. It has also given me a clearer view of what I want to do in the future. By coming to the College, it has helped me to get closer to doing a Human Biology degree at university."

WILL HARVEY

# Media Studies

LEVEL  
3

# Physical Education

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

You will need to be analytical, questioning and prepared to challenge ideas. It is important that you have an active interest in the media and are willing to study, both in class and at home, a range of films, TV programmes, radio shows, websites and podcasts.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in media or English language).

**What does the course involve?**

You will develop your critical understanding of how the media influences contemporary culture and society and be introduced to the key concepts and debates that underpin the study of the media. These elements are then applied to contemporary media such as websites, podcasts, blogs, newspapers, magazines, films and television programmes. Elements include:

- Genre
- Celebrity
- Representation
- Media ownership
- Censorship
- Audiences
- Media effects

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you are considering studying sport or physical education at university and anticipate a career in either, then this course will provide you with a sound base. As well as a thorough theory element, you will be able to develop your practical skills in a range of both individual and game activities.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including at least a grade B in science or biology).

**What does the course involve?**

Study is divided between theoretical and practical sessions including:

- Sports history
- Exercise physiology and sports psychology
- Anatomical, physiological and psychological theories
- Personal study to analyse and develop sporting performance
- Assessment in competitive situations within two sports

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

## Photography

LEVEL  
3

## Physics

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you are interested in developing your ability to produce visually and technically competent collections of photographs this course will appeal to you. Particularly if you want to communicate your ideas visually; are interested in the relationship between art and photography, enjoy looking at and discussing photographic work and want to engage with practical project-based photography.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in a relevant art subject or appropriate subjects).

### What does the course involve?

In the first year you will cover:

- Shooting, processing, editing, printing and presenting your own black and white photographs
- Use of 35mm SLR cameras and conventional darkroom practice
- The history and development of photography and important photographers' work

The majority of the second year is based on the practical production of your own photographs.

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you want to know why things happen in the way that they do, physics will tell you. It is about everything in the universe from the smallest quarks to the largest galactic clusters and the quest to extend the boundaries of our knowledge.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in mathematics and science and an average GCSE score of 5.5).

### What does the course involve?

You will take part in investigative laboratory work, teacher-led sessions, demonstrations of physical principles, problem solving activities and research. The course allows you to develop your problem solving and analytical skills in the context of situations taken from the physical world all around us. Areas covered include:

- Forces, energy, motion and electrical circuits
- Waves, interference, photons, stars and the standard model
- Magnetic fields and nuclear physics

### How will I be assessed?

Assessment is by examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

## Psychology

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

Psychology A-Level is the study of mind and behaviour, it will help you understand why you think the way you do and why people behave in a certain way. This A-level generates a considerable amount of discussion, so if you are a people person you will enjoy this subject. It is also relevant to everyone and useful in all professions.

### Duration

Two years full-time

### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in a science-based subject or mathematics).

### What does the course involve?

You will study a range of methods, applications and theories, topics include:

- How the memory works
- The importance of parents in making us human
- How the individual's behaviour changes in the presence of others
- Signs of stress
- How to conduct experiments and observations
- Relationships
- Biological rhythms
- Aggression
- Media - the study of celebrity

### How will I be assessed?

Assessment is by examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

"The atmosphere in the A-level Centre was a big selling point in me choosing Cornwall College St Austell as it's a great environment. I find studying A-levels challenging, but it makes me put more effort in and want to achieve more for myself!"

NEWQUAY

If you are interested in languages and communication and enjoy learning about other cultures and ways of life, then this course could be suitable for you. Similarly, if you are interested in the business world, in travel or tourism, then you are likely to find the course appropriate.

#### Duration

Two years full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including at least a grade B in Spanish).

#### What does the course involve?

You will cover general topic areas such as youth culture and concerns, lifestyle, the world around us, travel, tourism, environmental issues and the Spanish-speaking world, education and employment. You will be able to:

- Read, understand and extract information from publications
- Understand and respond to contemporary spoken language
- Learn how to write essays or longer pieces
- Hold conversations and discussions

#### How will I be assessed?

Assessment is by examination.

#### What can I do after the course?

On successful completion you will be able to progress to:

- University
- Professional qualifications
- An apprenticeship

## GCSE Programme

At Cornwall College we offer a full-time GCSE programme. The timetable is organised so that study is condensed into three days (Monday, Tuesday, Wednesday) with a tutorial once a week. The purpose of this programme is to give you the opportunity to improve grades and to prepare you for progression onto the relevant Level 3 programme of study, for example A-levels, a vocational route or apprenticeship.

The subjects that we offer are:

- Core Science
- English
- Human Physiology and Health
- Mathematics
- Psychology

The programme offers an exciting subject variation, while offering critical core subjects such as science, English and mathematics. English and mathematics are also run as evening class options with English being available on a Tuesday and mathematics on a Thursday.

# Arts, Media & Performing Arts

In the creative industries Britain ranks among the best in the world. British performers, writers, directors, choreographers, technicians and designers are admired across the globe.

The choice is yours! With Camborne's £1.5m art facilities and dBs Music academy, the Keay Theatre and the newly upgraded professional dance studios at St Austell, we try to provide you with everything you need to be successful.

**"I enjoy being able to play and sing with a live band!"**

## Accounting AAT Certificate

LEVEL  
2

## Legal Secretaries ILEX Certificate

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you would like to pursue a career in accountancy and want an industry recognised qualification, then you should choose this course. It is an excellent introduction to the industry and will give you the opportunity to go on to gain more advanced accountancy qualifications.

**Duration**

One year part-time

**Entry requirements**

None. However you must be committed to studying outside of college time.

**What does the course involve?**

This course will give you a basic introduction to accountancy and includes the following:

- Processing, bookkeeping and transactions
- Control accounts, journals and the banking system
- Working effectively in accounting and finance
- Computerised accounting
- Professional ethics in accountancy and finance
- Basic costing

**How will I be assessed?**

Assessment is by examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Accounting AAT Diploma

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This qualification is ideal if you work, or would like to work, as an administrator or junior secretary in the legal profession. You may already possess a basic knowledge and understanding of administration, but not necessarily the skills required.

**Duration**

One year part-time

**Entry requirements**

GCSE grade C in English.

**What does the course involve?**

You will learn essential business skills that will increase your chances of securing high quality employment. During the course you will learn the following:

- Administration skills
- Communication skills
- Touch typing
- Legal document production
- Keyboard speed and accuracy

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be equipped to begin a career as a legal secretary and able to progress to:

- Law and Practice ILEX Certificate
- Law and Practice ILEX Diploma
- An apprenticeship

## Applied Law BTEC Diploma

LEVEL  
3

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This course is for you if you are interested in finding out more about the English legal system, court structure and the law making process with a business focus. During the course you will be given the chance to visit law courts and to meet with legal practitioners. It is a solid base from which to continue on to professional practitioner qualifications.

**Duration**

One year full-time

**Entry requirements**

Four GCSEs at grades A\* - C (including English and ideally mathematics and science) or equivalent qualification.

**What does the course involve?**

This course will allow you to study law using realistic scenarios from the legal world that help you contextualise and apply your knowledge. You will receive topical input from guest speakers and be able to take advantage of trips arranged to see live cases taking place in local law courts. You will study:

- Aspects of civil liability for business
- Aspects of contract and business law
- Aspects of employment law
- Aspects of criminal law relating to business
- Aspects of the legal system and law-making process
- Relevant business units to complement

**How will I be assessed?**

You will be assessed through coursework and continual assessment.

**What can I do after the course?**

On successful completion you will be equipped to begin a career in the legal industry and able to progress to:

- Foundation Degree in Business
- Law and Practice ILEX Certificate
- Law and Practice ILEX Diploma
- An apprenticeship

## Medical Administration City & Guilds Diploma

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This course enables you to pursue a career in a medical administrative or secretarial role. You will develop the skills needed to ensure the smooth administration of a busy surgery or hospital department.

**Duration**

One year full-time

**Entry requirements**

There are no formal entry requirements.

**What does the course involve?**

You will develop personal and practical skills in how to communicate effectively with patients, visitors and members of the health service team. You will also gain an understanding of hospital and general practice procedures including:

- Diary management
- Filing
- Health and safety
- Medical terms
- Understanding medical ethics
- Etiquette and confidentiality

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you may progress to the:

- Medical Administration City & Guilds Certificate Level 3

# Business BTEC Diploma

LEVEL  
2

## Business BTEC 90-credit & Extended Diploma (E-commerce Specialism)

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you want to work for, manage, or run your own business, this course will help you to investigate lots of opportunities and could prepare you for starting up your own enterprise by working on real life business challenges. The course will give you a good understanding of key business concepts such as planning, finance, marketing and E-commerce and most importantly give you the opportunity to take part in a national competition called Young Enterprise where you will set up and run your own real business for a year. Extra emphasis is also given to money and finance skills needed in business and you can gain an extra qualification in this alongside the main BTEC Diploma.

### Duration

One year full-time

### Entry requirements

A minimum of three GCSEs at grades A\* - D (including English or mathematics) or equivalent qualification.

### What does the course involve?

The course is built around coming up with a viable business idea, so you will:

- Look at how to start up and run a business
- Look at how businesses handle finances and employ people
- Look at how businesses trade online by developing a website
- Take part in trips and visits to local businesses
- Set up and run your own business as part of Young Enterprise

### How will I be assessed?

You will be continually assessed by assignments and projects.

### What can I do after the course?

On successful completion you will be able to progress to:

- Applied Law BTEC Diploma
- Business BTEC 90-credit or Extended Diploma
- Enterprise Advanced Apprenticeship Level 3

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you want to set up your own business or succeed in an existing organisation, this course is built around supporting you in setting up and running a micro business for a period of at least eight months.

### Duration

Two years full-time

### Entry requirements

Four GCSEs at grades A\* - C (including English or mathematics) or equivalent qualification.

### What does the course involve?

You will interact with national, regional and local entrepreneurs, working on a range of business challenges and have the opportunity to work closely with a local business on a variety of projects and activities. Your study will include:

- E-commerce and trading online
- Internet marketing
- The English legal system - business, contract and employment law
- Accounting
- Retailing

You will have the opportunity to take part in the Young Enterprise competition and take part in a social enterprise challenge.

### How will I be assessed?

Your assignments and projects will be assessed continually throughout the course.

### What can I do after the course?

On successful completion you will be able to progress to:

- Foundation Degree in Business
- Accounting AAT
- Law & Practice ILEX
- CIM Professional Certificate in Marketing
- Apprenticeship
- Enterprise Advanced Apprenticeship Level 3

"I chose to study business because I thought it would give me the most options. I think the course is interesting because it gives you a lot of knowledge you need to know in life, and not just random theory! Cornwall College Camborne is a nice place to be and it's not too big that it's overwhelming. The people are always friendly and the staff are nice and helpful."

KATHERINE CONWAY

# Catering & Hospitality

Cornwall has a huge reputation for food and drink and, with so much talent in the region, the catering and hospitality scene is absolutely buzzing! With us you can study a wide range of professional qualifications, combining the latest technical skills and expertise, while working in our cutting edge kitchens. Partnerships such as Academy Nathan Outlaw, established with 2 Michelin star chef Nathan Outlaw, ensures you will not only receive first-class training from our highly experienced staff, but training and tuition from Nathan himself.

**"I enjoy how much I'm learning so quickly; every day you do something different."**

MIKE BANKS

# Introduction to Professional Cookery City & Guilds Diploma

LEVEL 1

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

This course will give you all-round training in food preparation, cooking and serving. It is run in conjunction with the Professional Food & Beverage Service City & Guilds Certificate, so when you successfully complete the course you will gain two qualifications.

**Duration**

One year full-time

**Entry requirements**

Three GCSEs at grades A\* - D (including English and mathematics) or equivalent qualification. Experience of working in the industry is helpful.

**What does the course involve?**

This course will cover the vital skills required to start work in the industry. You will learn a range of cooking methods essential for work in a commercial kitchen including how to:

- Fillet fish
- Bake bread
- Roast meat
- Boil, poach and steam
- Create confectionery

You will also study English and/or mathematics if you do not have a grade C or above at GCSE.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course. There will also be practical examinations.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Professional Cookery City & Guilds Diploma
- An apprenticeship

# Professional Cookery City & Guilds Diploma

LEVEL 2

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you have experience working in a kitchen and would like to improve your skills, this course will help. It is run in conjunction with the Professional Food and Beverage Service City & Guilds Diploma, so when you successfully complete the course you will gain two qualifications. It will also provide you with the knowledge and techniques you will need to work as a senior chef.

**Duration**

One year full-time

**Entry requirements**

Three GCSEs at grades A\* - D (including English and mathematics) or equivalent qualification and practical food skills, which will be assessed for all new entrants unless you have passed the Level 1 qualification.

**What does the course involve?**

You will study a range of cooking styles. The focus at this level shifts from cooking methods to preparing and cooking different commodities and you will learn about:

- Stocks, soups and sauces
- Cooking and preparation of shellfish
- Preparation of hot and cold desserts
- Preparing and cooking meats in a variety of different ways

You will also study English and/or mathematics if you do not have a grade C or above at GCSE.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course. There will also be practical examinations.

**What can I do after the course?**

On successful completion you will be better equipped to gain employment in the industry and be able to progress to:

- Advanced Professional Cookery City & Guilds Diploma (Kitchen & Larder)
- Professional Patisserie & Confectionery City & Guilds Diploma
- An apprenticeship

Cornwall College and renowned chef Nathan Outlaw have joined forces to bring you Academy Nathan Outlaw. This initiative has seen in its first year budding young chefs and restauranteurs study professional qualifications and receive first-class training and tuition from Nathan, other leading industry experts and the Catering & Hospitality team at Cornwall College.

You will have the opportunity to apply for a place at the Academy if you enrol on professional cookery courses at Camborne or St Austell.

See more at [www.academynathanoutlaw.com](http://www.academynathanoutlaw.com).

## Advanced Professional Cookery City & Guilds Diploma (Kitchen & Larder)

LEVEL  
3

CAMBORNE

SALTASH

ST AUSTELL

NEWQUAY

Develop your practical skills in butchery and fish preparation as you learn how to cook and finish a number of complex dishes using meat, fish and shellfish, as well as vegetarian dishes. Whatever your passion, whichever specialism, we will help hone your talents and bring out the gastronomist in you, with a number of culinary and food foraging trips, restaurant visits and organising a Gastronomy Fair.

### Duration

One year full-time

### Entry requirements

VRQ2 in Professional Cookery or equivalent, or experience in the catering industry.

### What does the course involve?

The course combines practical and theoretical units which will be delivered in an excellent industry-level environment. In addition to developing practical skills in butchery and fish preparation and cooking you will also study:

- Nutritional values of foods and ingredients
- Management and supervisory skills
- Successful kitchen management
- Storing, preparing and cooking food safely

You will also study English and/or mathematics if you do not have a grade C or above at GCSE.

### How will I be assessed?

Your assignments and projects will be assessed throughout the course. There will also be practical examinations.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Foundation Degree in Hospitality & Tourism Management

## Professional Patisserie & Confectionery City & Guilds Diploma

LEVEL  
3

CAMBORNE

SALTASH

ST AUSTELL

NEWQUAY

Develop your practical skills and learn contemporary techniques in the production of fermented dough products, petit fours, paste products, desserts, chocolate and sugar work. Whatever your passion, whichever specialism, we will help hone your talents and bring out the gastronomist in you, with a number of culinary and food foraging trips, restaurant visits and organising a Gastronomy Fair.

### Duration

One year full-time

### Entry requirements

VRQ2 in Professional Cookery or equivalent, or experience in the catering industry.

### What does the course involve?

The course combines practical and theoretical units which will be delivered in an excellent industry-level environment. In addition to developing practical skills and contemporary techniques in patisserie and confectionery, you will also study:

- Nutritional values of foods and ingredients
- Management and supervisory skills
- Successful kitchen management
- Storing, preparing and cooking food safely

You will also study English and/or mathematics if you do not have a grade C or above at GCSE.

### How will I be assessed?

Your assignments and projects will be assessed throughout the course. There will also be practical examinations.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Foundation Degree in Hospitality & Tourism Management

"The reason that I chose my course is because it is like working in the industry. It gives you the chance to gain practical, hands-on experience instead of being stuck in a classroom. I have got a lot of skills out of the course; it gives you a good level of knowledge to build on."

CHYNNA PINCH

## Professional Food & Beverage Service City & Guilds Certificate

LEVEL  
1

CAMBORNE

ST AUSTELL

SALTASH

NEWQUAY

This course will give you all-round training in professional food and beverage service. It is run in conjunction with the Introduction to Professional Cookery City & Guilds Diploma so when you successfully complete the course you will gain two qualifications.

### Duration

One year full-time

### Entry requirements

Three GCSEs at grades A\* - D (including English and mathematics) or equivalent qualification. Experience of working in the industry is helpful.

### What does the course involve?

You will be trained in the art of making the service of food look easy. This will include learning how to:

- Provide food and beverage service
- Understand and construct menus
- Process payments and bookings
- Prepare and serve hot drinks

You will also study English and/or mathematics if you do not have a grade C or above at GCSE.

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be able to progress to:

- Professional Food & Beverage Service City & Guilds Diploma
- An apprenticeship

## Hospitality EDEXCEL Diploma

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course is a great introduction to the industry and will aid progression to further study and prepare you for employment. Within the hospitality industry there are a large selection of employment opportunities including a bar person or manager, chef, cleaner, concierge, conference and banqueting assistant manager, hotel porter or hotel receptionist.

#### Duration

One year full-time

#### Entry requirements

Minimum of five GCSEs of which two must include English and mathematics at grade D or above.

#### What does the course involve?

This course will help you in developing a range of transferable skills and in applying your knowledge in a range of situations and context. Areas studied will include:

- Food safety
- Food and beverage service
- Teamwork in hospitality
- Customer service
- Front office services

You will also study English and/or mathematics if you do not have a grade C or above at GCSE.

#### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

#### What can I do after the course?

On successful completion you will be able to progress to:

- Hospitality EDEXCEL Diploma
- An apprenticeship

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course is designed to provide a highly specialist work-related qualification to prepare you for managerial responsibilities within the hospitality field.

#### Duration

One year full-time

#### Entry requirements

Five GCSEs at grades A\* - C (including English and mathematics) or equivalent qualification.

#### What does the course involve?

Based at The School of Tourism and Hospitality at the St Mellion International Resort, this course will include mandatory work experience/shadowing a large selection of roles within the resort. The modules will include:

- The hospitality industry
- Principles of supervising customer service
- Providing customer service in hospitality
- Events organisation
- Marketing

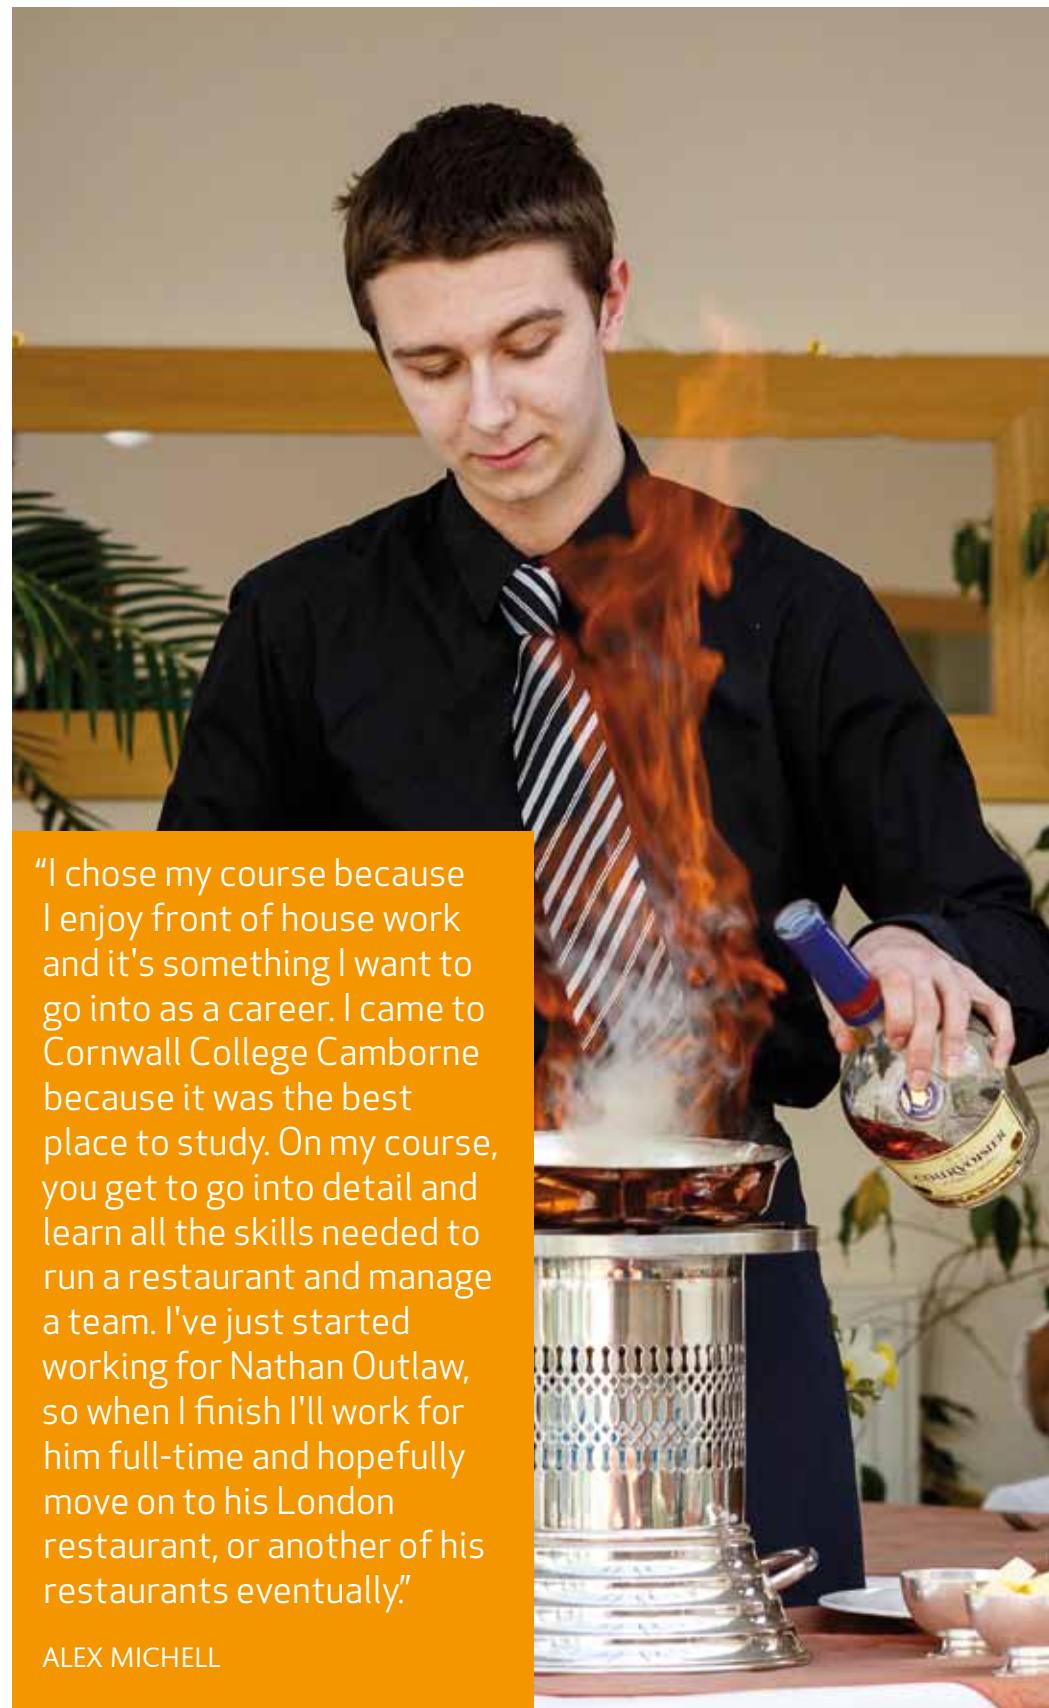

You will also study English and/or mathematics if you do not have a grade C or above at GCSE.

#### How will I be assessed?

Your assignments and projects will be assessed throughout the course. Assignments with a pass, merit and distinction point system are mandatory along with short tests and competency observations.

#### What can I do after the course?

The Diploma in Hospitality gives learners the knowledge, understanding and skills that are needed in preparation for employment.

# Construction Trades

Our student success rate is second to none, with 100% achievement on many of our courses and our apprenticeship programmes praised as outstanding by Ofsted. It's no wonder our students swept the boards at the prestigious Cornwall Construction Training Group Awards and regularly take top honours at national skills competitions.

**"This course is giving me the skills that I will need to work on site."**

## Basic Construction Skills Diploma: Trowel, Wood, Multi-craft

LEVEL  
1

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This is an all-round introduction to construction skills and will show employers that you have what it takes to get started in the construction industry.

### Duration

One year full-time

### Entry requirements

Basic literacy and numeracy and ideally a relevant qualification at entry level.

### What does the course involve?

Depending on which trade you want to make a career in, the programme covers essential skills in the following:

- Multi-craft: carpentry, joinery, plumbing, brickwork, block work and plaster finishes
- Trowel: brickwork, block work, renders and plaster finishes
- Wood: carpentry and joinery from production of components to fitting and fixing skills

### How will I be assessed?

You will learn in a classroom and workshop using suitable tools and materials which are provided for you. Units are assessed via continual practical assessments and your knowledge will be assessed via an external test.

### What can I do after the course?

On successful completion you will be able to progress to:

- A wide variety of Level 2 courses
- An apprenticeship

## Basic Plumbing Studies Diploma

LEVEL  
1

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This is the first full step in your career as a plumber. You will be able to carry the results from your theory and practical assessments forward as evidence for your NVQ/Diploma.

### Duration

One year full-time

### Entry requirements

Basic literacy and numeracy and ideally a relevant qualification at entry level.

### What does the course involve?

The course involves a mixture of practical training and theory. Topics covered include:

- Health and safety at work
- Plumbing installation activities
- Pricing jobs
- Materials, storage and handling
- Maintaining pipe systems and components
- Hot and cold water
- Central heating
- Sanitation and roof weathering systems
- Pipe systems and components
- Installation and testing

Some block weeks may be required to complete the practical assessments.

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be better equipped to gain employment in the industry and be able to progress to:

- Plumbing Studies Diploma Level 2
- An apprenticeship

*"I have studied Plumbing Level 1 and 2 at college and once I finish my Level 3 I hope to start an apprenticeship before becoming a self-employed heating engineer. The facilities are really good and have helped me to get to grips with the subject and do really well."*

CODY HOLBERTON

## Plumbing Studies Diploma

LEVEL  
2

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course will enable you to enter into the industry as a plumber. It is designed to provide the background knowledge of all aspects of plumbing systems, which is needed to undertake competent units in the workplace.

### Duration

One year full-time

### Entry requirements

Four GCSEs at grades A\* - D or a Basic Plumbing Studies Diploma.

### What does the course involve?

On this course you will be provided with a mixture of practical training and underpinning knowledge sessions that cover:

- Health and safety at work
- Working safely in a team doing plumbing installation activities
- Pricing jobs
- Materials, storage and handling
- Maintaining pipe systems and components
- Hot and cold water
- Central heating
- Sanitation
- Roof weathering systems
- Pipe systems and components installation and testing

### How will I be assessed?

There will be a mix of coursework and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- Plumbing Studies Diploma Level 3
- An apprenticeship

## Plumbing Studies Diploma

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

This course builds on the skills and knowledge you learnt at Level 2 and you will be able to carry the results from the theory and practical assessments forward as evidence for competent units in the workplace.

**Duration**

One year full-time

**Entry requirements**

Plumbing Studies Diploma Level 2.

**What does the course involve?**

The course involves a mixture of practical training and theory. You will study more advanced techniques covering:

- Health and safety at work
- Plumbing installation activities
- Pricing jobs
- Materials, storage and handling
- Maintaining pipe systems and components
- Hot and cold water
- Central heating
- Sanitation and roof weathering systems
- Pipe systems and components
- Installation and testing

Some block weeks may be required to complete the practical assessments.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course. You will also have an examination.

**What can I do after the course?**

On successful completion you will be well equipped for a career in the industry and more specialised part-time plumbing courses to improve and update your skills.

## Trowel Occupations Diploma (Construction)

LEVEL  
2CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

This course will suit you if you want to gain qualifications in the masonry area of construction and are looking to make it your career. It will provide you with a vocational qualification that enables you to go on to study at a more advanced level.

**Duration**

One to two years full-time

**Entry requirements**

Entry is subject to initial assessment and interview.

**What does the course involve?**

Units covered include:

- Erecting masonry structures
- Health and safety
- Efficient work practices
- Moving and handling resources
- Setting out masonry structures

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped to gain employment in the industry and be able to progress to:

- Trowel Occupations Diploma (Construction) Level 3
- An apprenticeship

## Trowel Occupations Diploma (Construction)

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

This is ideal for those who have completed an appropriate Level 2 qualification and want to further advance their technical knowledge and skills in masonry.

**Duration**

One year full-time

**Entry requirements**

A Level 2 diploma or equivalent qualification, successful interview and assessment.

**What does the course involve?**

You will build on the knowledge and skills you learnt at Level 2 including:

- Construction and design of more complex structures
- Curved and decorated work

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course. There will be a written examination at the end of the course.

**What can I do after the course?**

On successful completion you will be well equipped for a career in the industry and be able to progress to:

- Construction HNC
- Construction & the Built Environment BTEC Diploma

## Construction & the Built Environment BTEC Diploma

LEVEL  
3CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you're looking to pursue a career in architecture, surveying, engineering or site management, this BTEC diploma is designed to deliver a broad knowledge of every part of the construction industry.

**Duration**

One year full-time

**Entry requirements**

Five GCSEs at grades A\* - C or a relevant construction based qualification.

**What does the course involve?**

On this course you will learn the fundamentals of construction and how technology and design are applied to meet current building standards. You will:

- Explore the challenges faced by the construction industry to reduce its impact on the environment through legislation and good working practice
- Learn the processes involved in planning and building control applications and how these can differ between new buildings and refurbishments

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Construction HNC
- An apprenticeship

## Construction & Civil Engineering BTEC Diploma

LEVEL  
3LEVEL  
1

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

Are you thinking about a career in construction? The BTEC Level 3 Diploma in Construction & Civil Engineering is recognised across the industry as an ideal platform if you're wishing to progress to supervisory or technical roles. It is designed to provide you with a comprehensive introduction to the construction industry at a technical level.

### Duration

One year full-time

### Entry requirements

An interview is required. Four GCSEs at grades A\* - C (including English, mathematics and science) or a First Diploma in Construction or other equivalent qualification.

### What does the course involve?

Delivery of the course is by formal means with 12 units required:

- Health, safety & welfare
- Sustainable construction
- Building regulations & control
- Construction technology & design
- Construction science & materials
- Surveying in construction
- Building surveying
- Building technology
- Mathematics in construction
- Project management in construction
- Measuring, tendering & estimating
- Graphical detailing

### How will I be assessed?

Coursework, assignments, group and individual work will be assessed throughout the programme.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Construction HNC

## Carpentry & Joinery Diploma

LEVEL  
1

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course is suitable for those looking for a successful career in the wood trade industries. It can be studied as a day release from your employer or full-time if you are not yet working.

### Duration

One year full-time

### Entry requirements

There are no formal qualifications required however, a GCSE grade C or above in English / mathematics would be of benefit.

### What does the course involve?

The course consists of six units including:

- Safe working practises in construction
- Information, quantities and communicating with others
- Building methods and construction technology
- Producing basic woodworking joints
- Maintaining and using carpentry and joinery hand tools
- Maintaining and using carpentry and joinery power tools

### How will I be assessed?

You will be assessed with job simulations in the workshop and a practical test. Underpinning knowledge will be assessed with online end of unit tests and summative tests.

### What can I do after the course?

On successful completion you will be able to progress to:

- Site Carpentry Diploma Level 2
- An apprenticeship

## Maintenance Operations

LEVEL  
2

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course offers a broad grounding in several trade areas and an understanding of the construction industry.

### Duration

One year full-time

### Entry requirements

You will be required to have an initial assessment and interview and a multi craft or specific level one qualification is desirable, but not essential.

### What does the course involve?

This course involves a mixture of practical training and theory units including:

- Carpentry
- Masonry
- Plastering / rendering
- Roofing
- Decorating

Progressive assessments of all course elements are carried out on an individual basis. All assessments contribute towards course units which will build for completion and certification.

### How will I be assessed?

Assessment includes knowledge and practical tests, plus the development of applied English and mathematics.

### What can I do after the course?

On successful completion you will be able to progress to:

- An apprenticeship
- Specialist Level two qualification

## Wood Occupations Diploma: Bench Joinery or Site Carpentry

LEVEL  
2

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course is suitable for you if you want a successful career in the wood trade industries. It can be studied as day release from your employer or full-time if you are not yet working.

### Duration

One to two years full-time

### Entry requirements

Successful interview and assessment.

### What does the course involve?

The course is practical based and there are online tests so that you can show what you can do as an individual through the completion of all the requirements of the qualification. This includes:

- Bench joinery units which consist of doors, windows and stairs
- Site carpentry practical assignment in a simulated scenario
- Multiple choice tests
- Final online testing of your knowledge of site carpentry

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be well equipped for a career in the industry and be able to progress to:

- Site Carpentry Diploma Level 3
- Construction Diploma Wood Occupations
- An apprenticeship

## Wood Occupations Diploma: Bench Joinery or Site Carpentry

LEVEL 3

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This is ideal for you if you have completed the Level 2 diploma, intermediate certificate or City & Guilds craft certificate and want to further advance your technical knowledge of site carpentry.

**Duration**

One year full-time

**Entry requirements**

A Level 2 construction or wood occupations award or an equivalent qualification.

**What does the course involve?**

You will build on the knowledge and skills you gained studying at Level 2 including:

- Complex roofing such as hips, dormers and valleys
- Geometrical stairs
- Curved work

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be well equipped for a career in the industry and be able to progress to:

- Construction HNC
- An apprenticeship

## Furniture Making & Furnishings Certificate

LEVEL 1

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you would like to work in furniture making and furnishings, this course is the perfect introduction and will give you the basic skills and knowledge to go on to study at a more advanced level.

**Duration**

One year full-time

**Entry requirements**

None. There will be an interview and initial assessment.

**What does the course involve?**

This is a mainly practical course held within the workshop. To gain certification you must be able to complete a series of hands-on tasks and manufacture a:

- Bedside cabinet
- Kitchen stool
- Magazine rack
- Occasional table

You will also study health and safety and safe working practices.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Furniture Making Diploma
- An apprenticeship

## Furniture Making Diploma

LEVEL 2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

Building on your existing skills this course will further develop your furniture making techniques and skills and prepare you for a career in furniture making.

**Duration**

One year full-time

**Entry requirements**

Furniture Making & Furnishings Certificate or equivalent qualification and basic literacy and numeracy.

**What does the course involve?**

You will spend 70% of your time in our well-equipped professional workshops where you will improve your hand skills. The other 30% will be spent in the lecture room. During the course you will:

- Make a variety of furniture items which include hardwood construction and hand laid veneer work
- Learn the principles of furniture making, finishing and other related topics

You will also study health and safety and safe working practices.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped to gain employment in the industry and be able to progress to:

- Furniture Making Diploma
- An apprenticeship

## Furniture Design & Making Diploma

LEVEL 3

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you already have a Furniture Making Diploma or equivalent and want to take up a career as a design maker this course will improve your skills to an advanced level.

**Duration**

One year full-time

**Entry requirements**

Furniture Making & Furnishings Diploma or equivalent qualification and good literacy and numeracy.

**What does the course involve?**

Most of your time is spent in the workshop where you will perfect your skills by creating pieces of furniture to your own design. The remaining time is spent researching:

- Furniture making
- Design
- Finishing
- Completing relevant assignments

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be well equipped for a career in the industry and be able to progress to the:

- Construction HNC

# Engineering & Motor Vehicle

We have some of the finest real work state-of-the-art commercial training facilities in the South West, so good that we were one of only four colleges in the UK shortlisted for Centre of the Year in the Motor Industry Outstanding Achievement Awards.

**"The practical parts of the course are good because they are so hands-on."**

# Vehicle Inspection IMIAL Diploma

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you are looking to work in the motor industry in vehicle maintenance and repair, this is the ideal starting point from which to develop the technical knowledge needed to maintain vehicles.

**Duration**

18 weeks

**Entry requirements**

Three GCSEs at grades A\* - D (in English, mathematics and science) and successful interview and assessment.

**What does the course involve?**

You will train in our state-of-the-art motor vehicle department and learn how to use the tools and equipment of the motor vehicle trade. Modules include:

- Workshop safety
- Engine systems
- Cooling and lubrication
- Steering and suspension
- Braking systems
- Wheels and tyres
- Electrical foundation skills

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Light Vehicle Maintenance & Repair Principles IMIAL Diploma
- Vehicle Accident Repair Paint Principles Diploma (Body Tec 2)
- Vehicle Fitting Principles IMIAL Diploma (Fast Fit 2)

# Light Vehicle Maintenance IMIAL Diploma (Fast Fit 1)

LEVEL  
1

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This course is suitable for gaining you entry into the fast fit industry. You will learn everything you need to know to start work in fast fit operations, from all routine vehicle maintenance, processes and procedures to understanding the automotive retail business. If you are a hands-on person that prefers to learn by doing then this course may be for you.

**Duration**

One year full-time

**Entry requirements**

Four GCSEs at grades A\* - G and a satisfactory interview and initial assessment.

**What does the course involve?**

You will be attending the college three days a week, training in our state-of-the-art workshops, learning the basic principles of fast fit operations including:

- Health and safety
- Steering and suspension
- Braking systems
- Automotive electrics
- Wheels and tyres
- Vehicle construction

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Vehicle Fitting Principles IMIAL Diploma (Fast Fit 2)
- Vehicle Maintenance IMIAL Certificate
- Vehicle Maintenance IMIAL Diploma (Body Tec 1)
- Engineering & Technology Foundation Certificate
- An apprenticeship

# Vehicle Fitting Principles IMIAL Diploma (Fast Fit 2)

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

Gain the skills you need to work in fast fit operations – everything from routine vehicle maintenance through to repairing and replacing tyres, batteries and exhausts. This diploma from the Institute of Motor Awards will prepare you for the challenging and often pressurised world of fast fit.

**Duration**

One year full-time

**Entry requirements**

Four GCSEs at grades A\* - D, or Level 1 qualification in vehicle fitting and successful interview and assessment.

**What does the course involve?**

You will learn the basic principles of vehicle fitting including inspecting, repairing and replacing:

- Tyres
- Clutch
- Exhaust components
- Suspension dampers
- Vehicle batteries
- Braking systems

You will also learn about health and safety, how to agree customer vehicle needs and other skills associated with working in a garage.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped for employment in the industry and be able to progress to:

- Light Vehicle Maintenance & Repair Principles IMIAL Diploma
- Engineering BTEC Extended Diploma
- An apprenticeship

Three GCSEs at grades A\* - D (in English, mathematics and science) and successful interview and assessment.

**What does the course involve?**

You will train in our state-of-the-art motor vehicle department and learn how to use the tools and equipment of the motor vehicle trade. Modules include:

- Workshop safety
- Engine systems
- Cooling and lubrication
- Steering and suspension
- Braking systems
- Wheels and tyres
- Electrical foundation skills

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Light Vehicle Maintenance & Repair Principles IMIAL Diploma
- Vehicle Accident Repair Paint Principles Diploma (Body Tec 2)
- Vehicle Fitting Principles IMIAL Diploma (Fast Fit 2)

## Light Vehicle Maintenance & Repair Principles IMIAL Diploma

CAMBORNE      ST AUSTELL

SALTASH      NEWQUAY

This course will give you the basic knowledge, experience and a qualification in the motor vehicle trade. It is a great starting point for a career in the industry.

**Duration**

One year full-time

**Entry requirements**

Relevant Level 1 qualification and successful interview and assessment.

**What does the course involve?**

Building on Level 1 study you will train in our state-of-the-art motor vehicle department and learn how to use the tools and equipment of the motor vehicle trade. Modules include:

- Workshop safety
- Engine systems
- Cooling and lubrication
- Steering and suspension
- Braking systems
- Wheels and tyres
- Electrical foundation skills

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped for employment in the industry and be able to progress to:

- Light Vehicle Maintenance & Repair Principles IMIAL Diploma
- Engineering BTEC Extended Diploma
- An apprenticeship

## Light Vehicle Maintenance & Repair Principles IMIAL Diploma

CAMBORNE      ST AUSTELL

SALTASH      NEWQUAY

This qualification is suitable if you are already working in a motor vehicle repair workshop as it enables you to gain an industry recognised qualification and develop your skills to become a top vehicle technician.

**Duration**

One year full-time

**Entry requirements**

Relevant Level 2 qualification and successful interview and assessment.

**What does the course involve?**

On this course you will gain knowledge and skills in:

- Servicing
- Fault diagnosis
- Repair and overhaul of mechanical components

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be well equipped for employment in the industry.

"I've always enjoyed working with cars. I enjoy learning about them and how to fix them in more detail. The course is great and is helping me to become a mechanic engineer in the army."

ACACIA GOULD

## Vehicle Maintenance IMIAL Diploma (Body Tec)

LEVEL 1

CAMBORNE

ST AUSTELL

SALTASH

NEWQUAY

Not only will you learn how to repair bodywork and practice welding techniques, you will also gain the practical skills and know-how to rectify paint defects and carry out surface enhancement.

**Duration**

One year full-time

**Entry requirements**

Two GCSEs at grades A\* - D (in English and mathematics) and successful interview and assessment.

**What does the course involve?**

You will learn the basic principles of body repair, including:

- Tools and materials
- Vehicle construction
- Forming and joining principles of component fitting
- Basic vehicle preparation
- Panel and door removal techniques

Vehicle refinishing also forms part of this course and you will learn basic skills of paint spraying in preparation.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Light Vehicle Maintenance & Repair Principles IMIAL Diploma
- Vehicle Accident Repair Paint Principles Diploma (Body Tec 2)
- Vehicle Fitting Principles IMIAL Diploma (Fast Fit 2)

## Vehicle Accident Repair Paint Principles Diploma (Body Tec 2)

LEVEL 2

CAMBORNE

ST AUSTELL

SALTASH

NEWQUAY

This course will provide you with the knowledge and skills essential for a career in vehicle body paint operation or working on a wide range of vehicles in all types of garages, dealerships and specialist body paint businesses.

**Duration**

One year full-time

**Entry requirements**

Relevant Level 1 qualification and successful interview and assessment.

**What does the course involve?**

The course covers technical needs for basic repair and preparation procedures. Topics include:

- Health and safety
- Tools and equipment
- Application of filler and foundation materials
- Preparing metal in pre-painted surfaces
- Preparing paint defects
- Removing and fitting motor vehicle body panels

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped for employment in the industry and be able to progress to:

- Light Vehicle Maintenance & Repair Principles IMIAL Diploma
- Engineering BTEC Extended Diploma
- An apprenticeship

## Performing Engineering Operations NVQ

LEVEL 1

CAMBORNE

ST AUSTELL

SALTASH

NEWQUAY

This programme is designed to provide underpinning knowledge and the first steps in basic engineering skills.

**Duration**

One year full-time

**Entry requirements**

Successful interview and assessment.

**What does the course involve?**

On this course you will learn how to:

- Work safely in an engineering department
- Carry out engineering activities efficiently and effectively
- Use and communicate technical information
- Make components using hand tools and fitting techniques
- Use lathes for turning operations
- Assemble electrical wiring support systems
- Weld and fabricate

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Performing Engineering Operations NVQ Level 2

## Engineering & Technology EMTA Certificate

LEVEL 1

CAMBORNE

ST AUSTELL

SALTASH

NEWQUAY

If you have some knowledge of the engineering sector and want to progress to become an engineer, this course has a practical approach to studying engineering, giving you the foundation level knowledge of a range of engineering skills.

**Duration**

One year full-time

**Entry requirements**

Four GCSEs at grades A\* - E (including English and mathematics) or equivalent qualification and successful interview and assessment.

**What does the course involve?**

This qualification focuses on practical skills and knowledge. You will cover five units of performing engineering operations:

- Working safely in an engineering environment
- Carrying out engineering activities efficiently and effectively
- Using and communicating technical information
- Making components using hand tools and fitting techniques
- Assembling electrical wiring systems

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Motor Vehicle courses at Level 1 or 2
- Engineering & Technology Diploma
- Performing Engineering Operations NVQ Level 2

## Performing Engineering Operations NVQ Level 2

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

If you have an interest in a career in the engineering industry and wish to learn the practical engineering skills to support this, then this is the course for you.

### Duration

One year full-time

### Entry requirements

Four GCSEs at grades A\* - D or the Performing Engineering Operations NVQ Level 1 and successful interview and assessment.

### What does the course involve?

During this course you will learn practical engineering skills including fitting/machining, welding/fabrication and communication skills. You will cover the following:

- Working safely in an engineering environment
- Working efficiently and effectively in engineering
- Using and communicating technical information
- Producing components using hand fitting techniques
- Preparing and using lathes for turning operations
- Producing plate work components and assemblies

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Engineering BTEC Extended Diploma Level 3

## Engineering & Technology Diploma

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

This course is for anyone who has an interest in engineering. It focuses on practical skills and knowledge, which is essential for working within the engineering sector.

### Duration

One year full-time

### Entry requirements

Four GCSEs at grades A\* - D or the Performing Engineering Operations NVQ Level 1 and successful interview and assessment.

### What does the course involve?

This qualification has been designed to give a hands on, practical approach to engineering training. You will cover six units of performing engineering operations supported by a technical certificate. These include:

- Working safely in an engineering environment
- Carrying out engineering activities efficiently and effectively
- Using and communicating technical information
- Producing components using hand fitting techniques
- Preparing and using lathes for turning operations
- Producing plate work components and assemblies

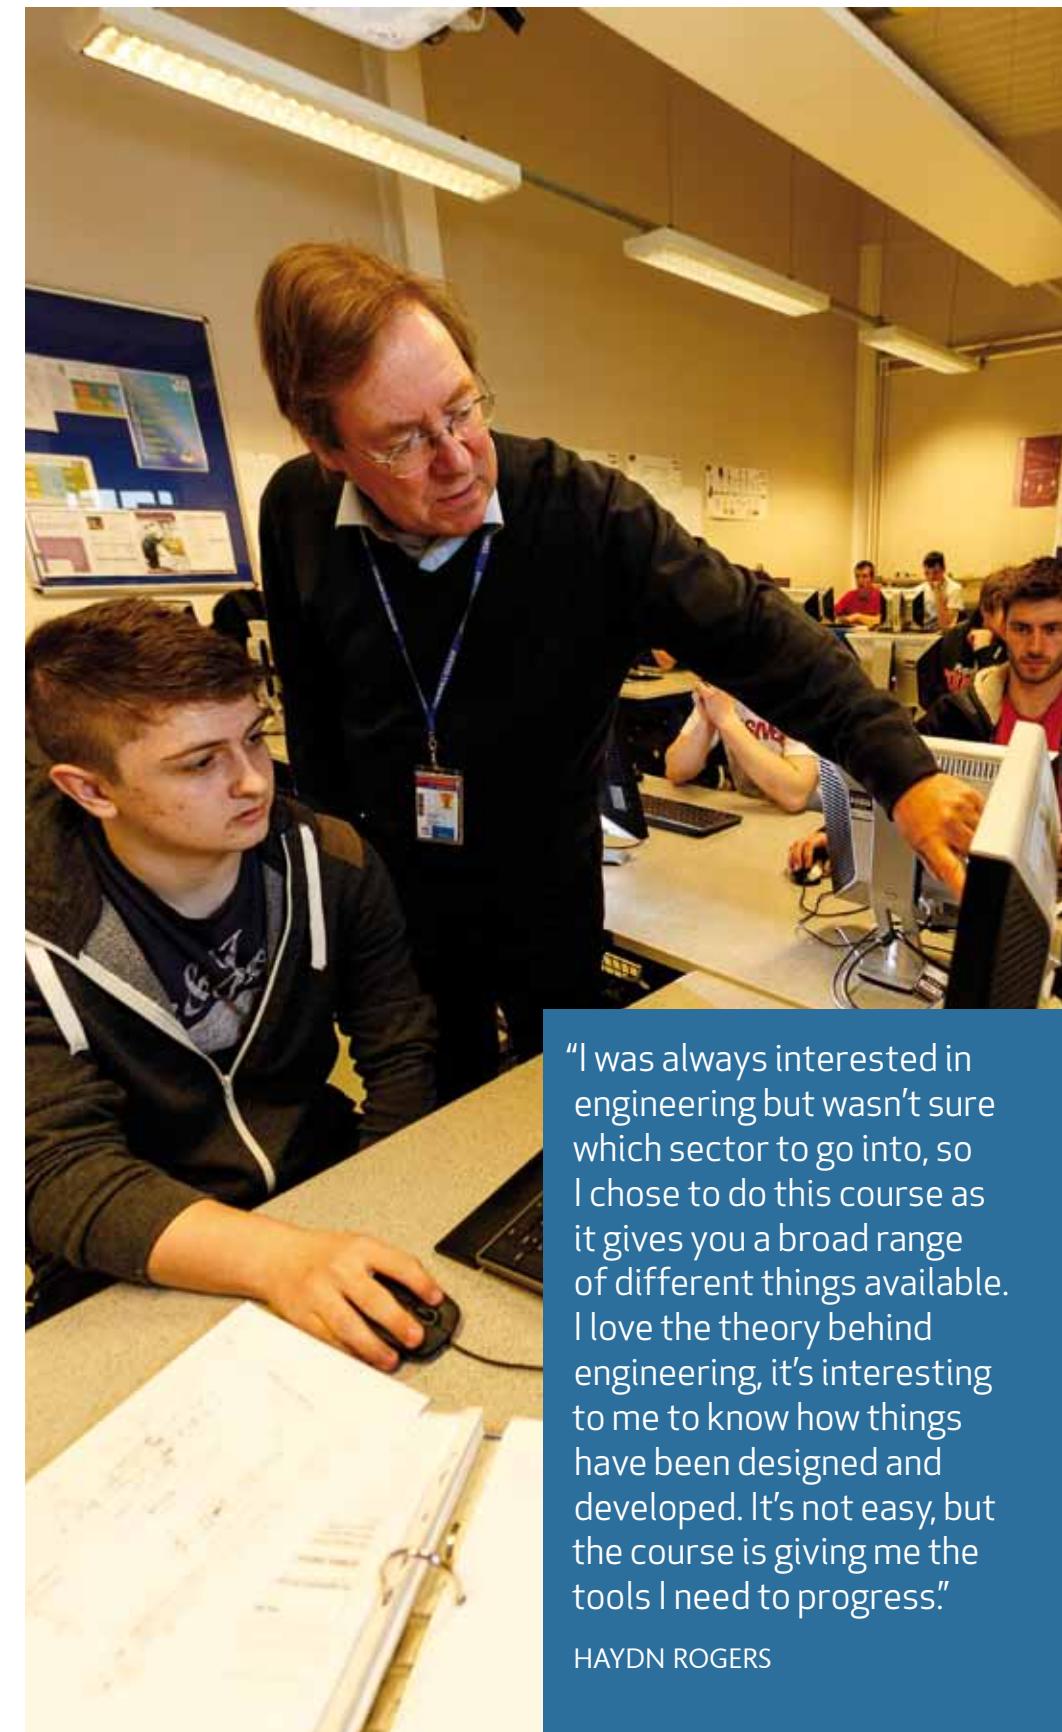

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be able to progress to:

- Engineering BTEC Extended Diploma Level 3
- An apprenticeship

"I was always interested in engineering but wasn't sure which sector to go into, so I chose to do this course as it gives you a broad range of different things available. I love the theory behind engineering, it's interesting to me to know how things have been designed and developed. It's not easy, but the course is giving me the tools I need to progress."

HAYDN ROGERS

"I plan to study the Level 3 apprenticeship after this course. The theory can be tough, but the practical work is excellent and I'm given all the help I need to succeed."

ADAM GILLETT

## Electro-technical Technology Certificate

LEVEL  
2

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course is suitable for anyone who wishes to become an installation electrician.

### Duration

One to two years full-time

### Entry requirements

Four GCSEs at grades A\* - C (including English and mathematics) and successful interview and assessment.

### What does the course involve?

You will study, to Level 2, a wide selection of subjects to enable you to be knowledgeable in this industry. These include:

- How to work effectively and safely in an electro-technical environment
- Identifying sources of technical information, use of drawings, diagrams and manufacturers data
- Principles of electro-technology
- Scientific concepts, electrical circuitry, tools, plant, equipment and materials used in electro-technology
- Basic principles of operation of electrical machines and alternating current
- Operation of polyphase systems
- Over current and short circuit protective devices
- Earth fault protection

### How will I be assessed?

Each course will be assessed by a range of methods during the year, to include on-line multiple choice assessments, written assignments and workshop based practical assessments.

### What can I do after the course?

Upon successful completion of this course you can progress on to:

- Electro-technical Certificate Level 3
- An apprenticeship

## Electro-technical Technology Certificate

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course is suitable for anyone who wishes to further their installation electrician qualifications to Level 3.

### Duration

One to two years full-time

### Entry requirements

Level 2 Electrical Diploma and successful interview and assessment.

### What does the course involve?

You will study, to Level 3, a wide selection of subjects to enable you to be knowledgeable in this industry. These include:

- Identifying further principles of electro-technology scientific concepts
- Electrical circuitry
- Tools, plant, equipment and materials used in electro-technology
- Using technical information, specifications and data in relation to equipment and systems
- Further principles of operation of electrical machines and alternating current
- Operation of polyphase systems
- Over current and short circuit protective devices
- Earth fault protection
- Identifying different types of electrical installations, systems and components

### How will I be assessed?

You will be assessed by a range of methods during the year, to include on-line multiple choice assessments, written assignments and workshop based practical assessments.

### What can I do after the course?

Upon successful completion of this course you can progress on to a range of further electrical qualifications, including:

- 17th Edition Regulation Requirements
- Testing, Inspection and Verification of Installations
- Solar Photovoltaic systems
- Design and Verification Level 4
- An apprenticeship

## Engineering BTEC Extended Diploma

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you are interested in following a combined theoretical and practical engineering discipline, this qualification is equivalent to three A-levels. It will allow you to go on to university study, employment or advanced apprenticeships.

### Duration

Two years full-time

### Entry requirements

Four GCSEs at grades A\* - C (including English and mathematics) or NVQ Level 2 or 3 in engineering.

### What does the course involve?

You will study 17 units for the extended diploma, 11 for the diploma or 6 for the subsidiary diploma. These could include:

- Mechanical
- Electrical
- Design
- CAD
- Production
- Electronics
- Microprocessors
- Pneumatics
- Mechanical systems

You will also develop key transferable skills in communications, presentation and time management.

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be better equipped for employment in the industry and be able to progress to:

- Foundation Degree in Engineering
- Engineering HNC or HND

# Hair & Beauty

Our courses are delivered in high quality commercial training salons, treatment rooms, tanning booths and nail bars. You will be taught by staff that are all industry professionals and make it their priority to keep up-to-date with all the latest trends and techniques.

**"The course has given me everything I need."**

HANNAH SWAN

## LEVEL 1 - Beginner courses that need no prior qualifications or experience

- Introduction to the Hair & Beauty Sector
- City & Guilds Diploma
- Hairdressing & Barbering
- City & Guilds NVQ Certificate

## LEVEL 2 – The same as GCSE level, you'll need some GCSE passes to start at this level

- Beauty Therapy City & Guilds Diploma
- Nail Services City & Guilds NVQ Diploma
- Women's Hairdressing City & Guilds Diploma

## LEVEL 3 – A-level and equivalent, you'll need good GCSE grades to start at this level

- Beauty Therapy City & Guilds NVQ Diploma
- Nail Services City & Guilds NVQ Diploma
- Theatrical, Special Effects, Hair & Media Make-up City & Guilds Diploma
- Women's Hairdressing City & Guilds Diploma
- Complementary Therapy Techniques ITEC Diploma

## LEVEL 4 and above – University qualifications

- Certificate in Salon Management
- Foundation Degree in Complementary Health Therapies
- Complementary Health Therapies HNC

Visit [www.cornwall.ac.uk](http://www.cornwall.ac.uk) for full details of undergraduate and postgraduate study.

Our foundation degrees are awarded by Plymouth University.

## Introduction to the Hair & Beauty Sector City & Guilds Diploma

LEVEL  
1

CAMBORNE

SALTASH

ST AUSTELL

NEWQUAY

This course is suitable for you if you are thinking about a career in hairdressing and beauty therapy. The qualification will help you to learn basic skills and will give you valuable, background knowledge of the hair and beauty industry.

### Duration

One year full-time

### Entry requirements

Two GCSEs at grades A\*- G (preferably in English and mathematics) or equivalent qualification.

### What does the course involve?

Working in our purpose designed training salons, you will complete a combination of practicals and assignments. This course covers:

- Hand care
- Nail art
- Skin care
- Make-up application and face painting
- Shampooing
- Women's hair styling
- Using colour to create an image

### How will I be assessed?

There will be a mix of practical assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to:

- Beauty Therapy City & Guilds Diploma
- Nail Services City & Guilds NVQ Diploma
- Women's Hairdressing City & Guilds Diploma
- An apprenticeship

## Hairdressing & Barbering City & Guilds NVQ Certificate

LEVEL  
1

CAMBORNE

SALTASH

ST AUSTELL

NEWQUAY

Learn how to achieve the latest looks, gain a broad understanding of hairdressing and develop your practical skills to start a career in the hairdressing industry.

### Duration

One year full-time

### Entry requirements

Two GCSEs at grades A\*- G (preferably in English and mathematics) or equivalent qualification.

### What does the course involve?

The course combines practical and theoretical units which will be delivered in an excellent industry-level environment. In addition to developing practical skills in salon and reception duties, you will also study the following:

- Identifying and creating various cuts
- Developing and enhancing creative hairdressing skills
- Achieving the latest looks using colouring and styling techniques

### How will I be assessed?

Your assignments and projects will be assessed throughout the course. There will also be practical examinations.

### What can I do after the course?

On successful completion you will be able to progress to:

- Hairdressing City & Guilds Diploma Level 2
- Barbering City & Guilds NVQ Diploma Level 3

## Beauty Therapy City & Guilds Diploma

LEVEL  
2

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course provides a great foundation for a career as a beauty therapist. You will gain a good grounding in beauty therapy to provide you with the essential salon skills to help you find employment in the industry.

**Duration**

One year full-time

**Entry requirements**

Two GCSEs at grades A\* - C (in English, mathematics or science).

**What does the course involve?**

You will study in our purpose-built salons, learning from industry professionals. During the course you will study:

- Consultations
- Facials
- Pedicures and manicures
- Waxing
- Make-up
- Eyelash and brow treatments

Regular tutorials and demonstrations from teaching staff will give you the confidence to practice beauty therapy in paid employment.

**How will I be assessed?**

There will be a mix of practical assessment and examination.

**What can I do after the course?**

On successful completion you will be better equipped for a career in the industry and be able to progress to:

- Beauty Therapy City & Guilds NVQ Diploma
- Selection of Diplomas in nail services, aromatherapy, complementary therapy, massage, reflexology and spa therapy

## Beauty Therapy City & Guilds NVQ Diploma

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you are already qualified to Level 2 standard and are looking to upgrade your qualification, this course will help you to progress in your career in beauty therapy.

**Duration**

One year full-time

**Entry requirements**

A Level 2 beauty therapy qualification.

**What does the course involve?**

During the course you will learn various techniques and skills used by senior beauty therapists. You will be expected to study the underpinning knowledge alongside salon sessions with emphasis placed on practical learning. Areas of study include:

- Epilate the hair follicle using diathermy and blend techniques
- Provide head and body massage treatments
- Improve face and body condition using electro-therapy
- Tanning and microdermabrasion treatments
- Permanent lashes

You will also be expected to study at home outside of college hours.

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be well equipped for a career in the industry and be able to progress to:

- Certificate in Salon Management
- Foundation Degree in Complementary Health Therapies
- Complementary Health Therapies HNC
- Complementary Therapy Techniques ITEC Diploma

"I really want to become a beauty therapist and I will be studying the Level 3 once I have completed this course. The College was recommended to me by friends and I have really enjoyed my time so far, especially the practical side."

MYCHIA LINDO-HUGHES

## Nail Services City & Guilds NVQ Diploma

LEVEL  
2

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

With nail boutiques becoming commonplace on the high street, this course will equip you with the essential skills to start employment in this fast growing industry. This is suitable for you if you are new to the beauty industry and want to become a nail technician.

**Duration**

One year full-time

**Entry requirements**

Two GCSEs at grades A\* - C (in English and mathematics).

**What does the course involve?**

You will be learning in our industry standard training salons, learning skills and techniques from a professional nail technician. You will complete a total of eight units and will learn about:

- Manicure and pedicure
- Nail art and extensions
- Salon reception duties
- Customer service

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped for a career in the industry and be able to progress to:

- Nail Services City & Guilds NVQ Diploma
- Selection of Diplomas in beauty therapy, aromatherapy, complementary therapy, massage, reflexology and spa therapy.

# Nail Services City & Guilds NVQ Diploma

LEVEL  
3

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

If you are already qualified to a Level 2 standard and you are looking to upgrade your qualification, this course will help you to progress in your career as a nail technician. Not only do you develop your existing skills, but you will also train in nail art, gel and fibreglass nails.

**Duration**

One year full-time

**Entry requirements**

A Level 2 nail services qualification or equivalent in manicure or pedicure.

**What does the course involve?**

This is a highly creative course, designed to develop your artistic flair. You will be training in a fully operational salon and retail environment, providing the very latest nail treatments to paying clients. You will:

- Plan and create nail designs using liquid and powder
- Learn how to nail wrap
- Use UV gel to create gel nails
- Work in our commercial nail bar
- Enhance your work and client contact skills

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be well equipped for a career in the industry and be able to progress to:

- Certificate in Salon Management
- Complementary Health Therapies HNC
- Foundation Degree in Complementary Health Therapies

**"I think that the hairdressing course at Cornwall College St Austell is the best one around. The College has good facilities and everyone is very friendly. As I'm more of a hands-on person, I like that the course is so practical."**

AMY BURROWS

# Women's Hairdressing City & Guilds Diploma

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

If you are looking to begin your hairdressing career, then this course is for you. As a recent school leaver you will learn how to achieve the latest looks and gain a broad understanding of hairdressing.

**Duration**

One year full-time

**Entry requirements**

Two GCSEs at grades A\* - C (in English and mathematics).

**What does the course involve?**

You will be learning in purpose-built salons, open to the public and train in a fast-paced and creative environment. The salons are run by professional stylists and the lecturers are happy to share their expertise with you. You will develop your practical salon skills in:

- Consultation
- Cutting and styling
- Enhancing work-based skills in customer service
- Product promotion and retail sales
- Colour techniques and products
- Reception skills

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be better equipped for a career in the industry and be able to progress to:

- Hairdressing City & Guilds Diploma Level 3
- An apprenticeship

# Women's Hairdressing City & Guilds Diploma

LEVEL  
3

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

If you are already qualified to a Level 2 standard and are looking to upgrade your qualification, this is the course for you. It will increase your knowledge, confidence and experience and will help you progress in your career within the hairdressing industry.

**Duration**

One year full-time

**Entry requirements**

A Level 2 hairdressing qualification and trade test.

**What does the course involve?**

During the course you will study:

- Advanced consultation skills
- Creative, fashion hair cutting techniques
- Improved, alternative colour techniques
- Extensive knowledge and skills in advanced colour correction/changes
- Increased vision and creativity to design inspirational looks to present in an annual hair show

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be well equipped for a career in the industry and be able to progress to the:

- Certificate in Salon Management

## Complementary Therapy Techniques ITEC Diploma

LEVEL  
3

CAMBORNE

SALTASH

ST AUSTELL

NEWQUAY

The Level 3 ITEC Diploma in Complementary Therapy Techniques is a certified course and is recognised by the regulatory and leading industry bodies. You will undertake theoretical and practical as the course covers aromatherapy, holistic massage, reflexology, anatomy and physiology and business studies.

### Duration

One year full-time

### Entry requirements

Five GCSEs at grades A\*-C or equivalent qualification.

### What does the course involve?

You will regularly carry out all practical sessions in our recently renovated salon, which is open to paying clients, as well as studying the theory behind complementary therapy. This ITEC Diploma offers study in:

- Body massage
- Reflexology
- Aromatherapy
- Anatomy and physiology
- Principles of good practice
- Business studies

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be well equipped for a career in the industry and be able to progress to:

- Foundation Degree in Complementary Health Therapies
- Complementary Health Therapies HNC

## Theatrical, Special Effects, Hair & Media Make-up City & Guilds Diploma

LEVEL  
3

CAMBORNE

SALTASH

ST AUSTELL

NEWQUAY

This course is for you if you want to pursue a career in make-up and hair for the media and television industry. This qualification will develop your skills as a professional make-up artist working with performers to a high level of occupational ability. It will enable you to provide hair and make-up services in the media, theatre, performing arts, fashion and photographic industries.

### Duration

One year full-time

### Entry requirements

A Level 2 qualification in hair or beauty therapy is preferred but not essential.

### What does the course involve?

You will develop your practical skills to an advanced level through a variety of techniques covering:

- Media, special effects and camouflage make-up
- How to apply ready-made small prosthetic pieces and bald caps
- Monitor and maintain health and safety
- Client care and communication
- Style and fit a postiche
- Apply the complex skill of airbrush make-up

### How will I be assessed?

Your assignments and projects will be assessed throughout the course.

### What can I do after the course?

On successful completion you will be better equipped for a career in the industry and be able to progress to more advanced professional qualifications.

# Health, Care & Early Years

As well as benefiting from great work placement opportunities thanks to our excellent links with industry, you'll also benefit from having highly skilled nationally recognised lecturers. Our early years team was recently awarded the Qualified Teacher Learning and Skills status by the Institute for Learning in recognition of their high level of professional practice and commitment.

**"This course has given me the skills to achieve my goal of working with disabled children in a school."**

## Introduction to Health, Social Care and Children & Young People's Settings Diploma

LEVEL 1

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you are looking to take your first qualification in the field of childcare this course is the perfect introduction. It will develop your understanding of the skills and knowledge needed to care for a child.

**Duration**

One year full-time

**Entry requirements**

One week's work experience in a childcare setting.

**What does the course involve?**

The course includes units in:

- Human growth and development
- Equality & inclusion
- Safeguarding and communication
- Healthy eating and lifestyles
- Health and safety
- Service provision and roles
- Principles and values

You will also study functional skills in English, mathematics and information technology.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to:

- Children & Young People's Workforce Certificate
- Health & Social Care BTEC Diploma

## Children and Young People's Workforce CACHE Certificate

LEVEL 2

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you want to work with children and young people this qualification will give you the skills and experience to work in a supervised role in a wide range of settings.

**Duration**

One year full-time

**Entry requirements**

Four GCSEs at grades A\* - D (including English) or a Level 1 Diploma in Caring for Children and a week's work experience in a childcare setting.

**What does the course involve?**

You will learn about:

- Children and young people at different stages in their growth and development
- Caring for and educating children
- Working with parents, carers and other professionals

In order to pass the course you will need to show that you are competent to work with children and young people in a variety of work placement settings so you will attend placement for two days per week throughout your course.

You will also study functional skills including English, mathematics and information technology.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will improve your employment and promotion prospects and be able to progress to:

- Children & Young People's Workforce CACHE Extended Diploma

*"I would recommend doing the course as it is very enjoyable and you will get a lot out of it. I am coming back next year to do the Level 3 course so I can go onto work in a nursery."*

NAFEESA HUSSAIN

## Children & Young People's Workforce CACHE Extended Diploma

LEVEL 3

CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you are working or volunteering with children and young people from birth to 19-years-old and are looking to further improve your promotion prospects, this course will give you the qualification you need.

**Duration**

Two years full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including English, mathematics and two relevant subjects) or a Level 2 childcare qualification.

**What does the course involve?**

Your course includes weekly attendance at college, regular assessments of written work and observations within your work setting. The units you will study include:

- Child and young person development
- Safeguarding
- Health and safety
- Positive relationships
- Working together

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will further improve your employment and promotion prospects and be able to progress to:

- Children & Young People's Workforce HNC
- Foundation Degree in Children & Young People's Workforce
- Foundation Degree in Early Childhood Studies

## Applied Science BTEC Certificate

LEVEL  
2

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

This course is designed to provide you with a specialist work-related qualification in science. It will give you the knowledge, understanding and skills that you will need to prepare for employment and a valued qualification to enable you to continue studying science.

**Duration**

One year part-time

**Entry requirements**

Four GCSEs at grades A\*- D (including English, mathematics and science) or an equivalent qualification.

**What does the course involve?**

You will research topics and present results in a wide variety of ways other than written text. You don't have to work alone – group interaction can often play a part, for example through teamwork and role-play. The core units you will study are:

- Chemistry and our Earth
- Energy and our universe
- Biology and our environment

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Applied Science (Forensic Science) Extended Diploma
- Applied Science BTEC Extended Diploma
- Environmental Sustainability Extended Diploma
- Health & Social Care BTEC Extended Diploma

## Applied Science (Forensic Science) Extended Diploma

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

Do you love watching CSI? Ever wonder how they solve the crime? You won't be stuck in a classroom the whole time. This subject requires practical work at our crime scene suite and also in our well-equipped laboratories, where you will learn the skills required for work and further study in this field.

**Duration**

Two years full-time

**Entry requirements**

Four GCSEs at grades A\*- C, (including science and either English or mathematics) or an equivalent qualification.

**What does the course involve?**

You will learn about the scientific investigation of crime in the lab and at simulated crime scenes. You will also study:

- Psychology
- Criminology
- The criminal justice system
- Computer crime
- Fire and traffic accident investigation
- Forensic photography and the media

You will also gain knowledge and understanding applicable not only to this field but to science generally, so that your options for further study remain very wide.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped to gain employment in the industry and be able to progress to:

- Foundation Degree in Forensic Science
- Foundation Degree in Renewable Energy Technologies

## Applied Science BTEC Extended Diploma

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

BTECs offer a practical approach that can be lacking in more traditional routes, by applying learning to real-life situations. This course is ideal for you if you have a keen interest in science and want to increase your understanding of how we make sense of and care for the natural and physical world.

**Duration**

Two years full-time

**Entry requirements**

Four GCSEs at grades A\*- C (including science and either English or mathematics) or an equivalent qualification.

**What does the course involve?**

During the two years you will study a wide range of units, including:

- Disciplines of physics, chemistry and biology
- Scientific investigation
- Working in the science industry
- Genetics and genetic engineering
- Medical physics techniques
- Industrial applications of organic chemistry

Mathematics, English and IT will also be an important part of your course.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped to gain employment in the industry and be able to progress to:

- Foundation Degree in Forensic Science
- Foundation Degree in Renewable Energy Technologies

## Animal Management City & Guilds Subsidiary Diploma

LEVEL  
3

CAMBORNE  
SALTASH

ST AUSTELL  
NEWQUAY

If you have a genuine interest in studying animals this course is ideal. You will gain first-hand experience of handling and observing animals in captivity and their natural habitats.

**Duration**

One year full-time

**Entry requirements**

Three GCSEs at grades A\* - C (including two from English, mathematics or science) or an equivalent qualification and an academic reference.

**What does the course involve?**

During the course you will study in classrooms at Newquay Zoo and Blue Reef Aquarium and you will be required to undertake work experience. There are options to follow this course over one or two years. Your studies will include:

- Animal health
- Feeding
- Animal behaviour and communication
- Animal biology
- Aquatics husbandry and management

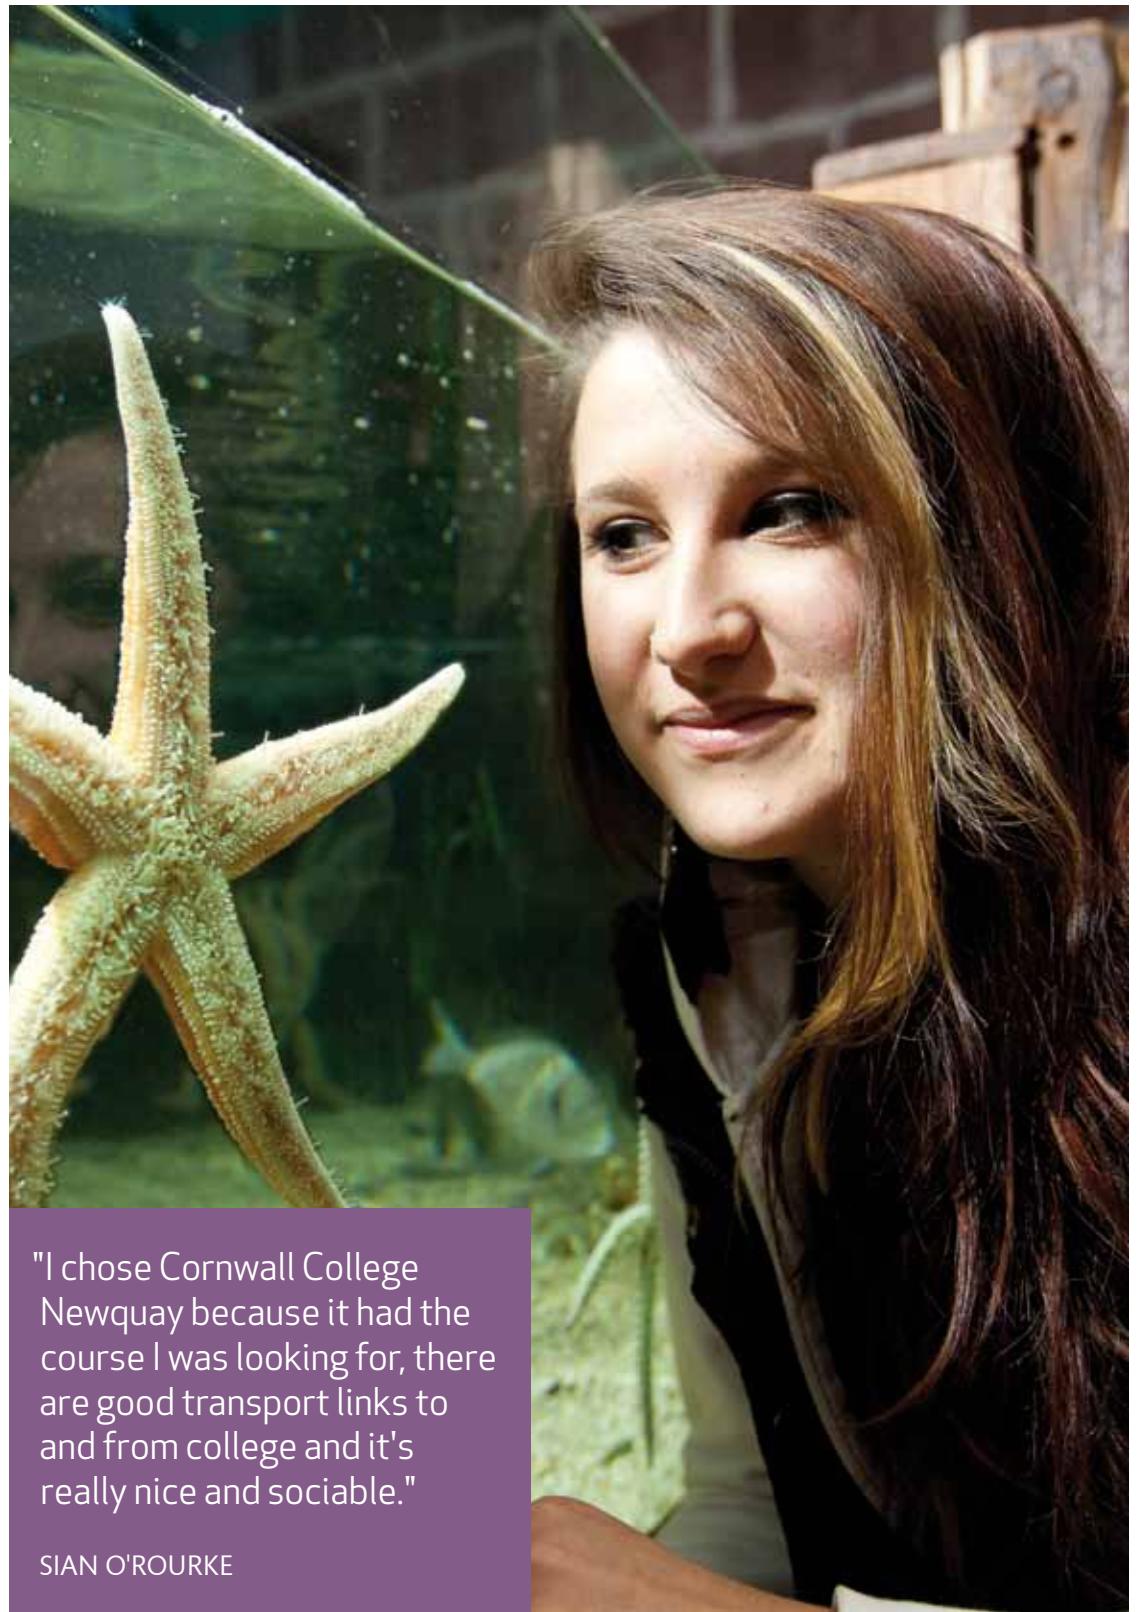

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped to gain employment in the industry and be able to progress to the final year of the:

- Animal Management City & Guilds Diploma

## Animal Management

**CITY & GUILDS 90-CREDIT DIPLOMA**

LEVEL  
**3**CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

This is the first stage of a two-year A-level equivalent course and is ideal if you have a passion for working with animals. If you would like to become a zoo keeper, veterinary nurse, animal welfare officer and much more, this course will provide you with the skills needed to fulfil your chosen career.

**Duration**

One year full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including English, mathematics and science) and an academic reference.

**What does the course involve?**

During the course you will study in classrooms at Newquay Zoo and Blue Reef Aquarium and you will be required to undertake work experience. Your studies will include:

- Animal health
- Feeding
- Animal handling and safe working
- Practice of exotics animals or ecology
- Animal biology

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion of this one-year course you will also be better equipped to gain employment in the industry and will be able to progress straight on to the one year:

- Animal Management Extended Diploma

## Coastal Ecology & Conservation

**CITY & GUILDS 90-CREDIT DIPLOMA**

LEVEL  
**3**CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

This is the first stage of a two-year A-level equivalent course, where you will spend time exploring coastal habitats, surveying animals and plants and managing local environments.

**Duration**

One year full-time

**Entry requirements**

Five GCSEs at grades A\* - C (including English, mathematics and science).

**What does the course involve?**

The practical elements of the course are designed to help you develop the skills you need for employment and you will be given the opportunity to build contacts with local businesses. Your studies will include:

- Wildlife population surveys
- Coastal management
- Archaeology and landscape history
- Current environmental issues
- Wildlife conservation
- Work experience

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion of this one-year course you will be better equipped to gain employment in the industry and will be able to progress straight on to the one year:

- Coastal Ecology & Conservation Extended Diploma

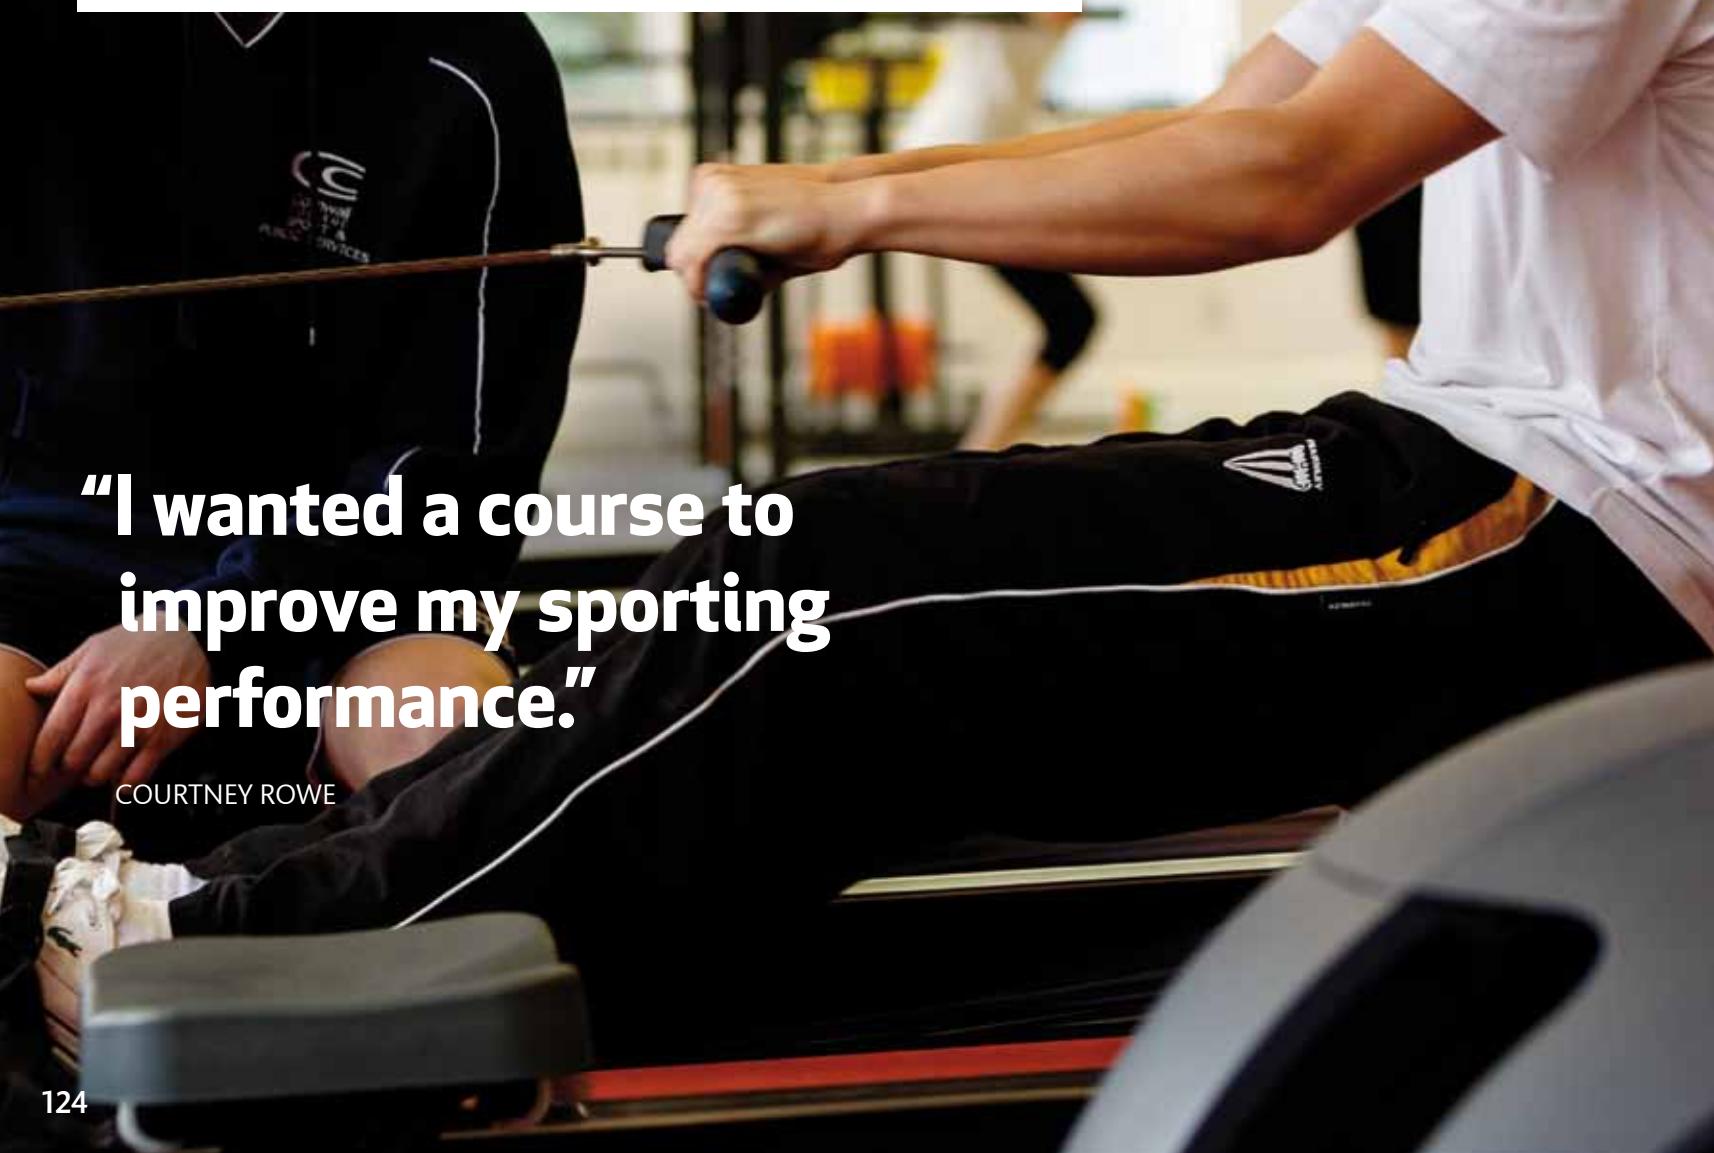

# Sport & Public Services

- Foundation Degree in Public Services with Adventurous Activity Leadership

**"Studying at Cornwall College has been fantastic, I have met so many lifelong friends, the tutors and teachers have made me feel incredibly welcome and the facilities are very good."**

ROSIE SWAN

# Travel & Tourism

Our partnership with St Mellion International Resort has resulted in the creation of the £3.5m Cornwall School of Tourism and Hospitality, which provides an excellent base for you to better understand what working in tourism involves.

**“I've gained a lot of knowledge about customer service.”**

MATTHEW PERDIGONES-WILKS

**LEVEL 2 – The same as GCSE level, you'll need some GCSE passes to start at this level**

- Travel & Tourism City & Guilds Diploma

**LEVEL 3 – A-level and equivalent, you'll need good GCSE grades to start at this level**

- Travel & Tourism City & Guilds National Diploma
- Travel & Tourism City & Guilds Extended Diploma

**LEVEL 4 and above – University qualifications**

- Foundation Degree in Event Management
- Foundation Degree in Hospitality & Tourism Management

Visit [www.cornwall.ac.uk](http://www.cornwall.ac.uk) for full details of undergraduate and postgraduate study.

Our foundation degrees are awarded by Plymouth University.

# Travel & Tourism City & Guilds Diploma

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you are interested in a career in travel and tourism, this course will provide you with an internationally recognised qualification and the skills, personal qualities and abilities for successful employment. It is also your ideal stepping stone to more advanced study.

**Duration**

One year full-time

**Entry requirements**

Two GCSEs at grades A\* - D or equivalent qualification.

**What does the course involve?**

Initially you will study the core units of:

- Communication skills for the work place
- Customer skills and selling services for the travel and tourism industry

While studying this course there is the opportunity to study an additional qualification in event planning and resort reps. You will also need to study mathematics and English if you haven't achieved a GCSE grade C or above.

**How will I be assessed?**

Your assignments and projects will be assessed throughout the course.

**What can I do after the course?**

On successful completion you will be better equipped to gain employment in the industry and be able to progress to:

- Travel & Tourism City & Guilds National Diploma
- Travel & Tourism City & Guilds Extended Diploma
- An advanced apprenticeship

**"I chose Cornwall College because I didn't want to follow all my friends, I wanted to do something else so I could meet new people. I've enjoyed the trips we've been on to London and Disneyland Paris, and I like the variety of my course. When I left school I didn't know what I wanted to do. Now I'm glad I did it and I want to go on to study Events Management at university."**

ZOE DILALLO DINEEN

# Travel & Tourism City & Guilds National Diploma

LEVEL  
3

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This course is the first year of the Travel & Tourism City & Guilds Extended Diploma. It is an excellent introduction to the industry and will give you the skills, personal qualities and abilities for successful employment.

This apprenticeship could be the foundation in your career in Web Media and could take you in a variety of directions. In the future you could work as a designer or developer, start your own business or be a project manager.

## Supporting Teaching & Learning Apprenticeship

LEVEL  
2CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

Learning support staff, such as teaching assistants, play a vital role in the classroom by making sure students get the most out of their lessons. As an apprentice, you'll work under the close supervision of a class teacher.

**Duration**

One year full-time

**Entry requirements**

You will need to be employed in a teaching assistant position and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

You will attend college one day per week, while the remainder of the week is spent at your workplace. The apprenticeship includes:

- Supporting learning activities
- Child and young person development
- Safeguarding the welfare of children and young people
- Communication and professional relationships
- Schools as organisations

There are a range of optional topics to choose from including supporting the use of information technology for teaching and learning, creating displays and supporting children and young people's travel.

**How will I be assessed?**

There will be a mix of exams and college and workplace assessments.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- School Support Staff Apprenticeship Level 3

## Sales Apprenticeship

LEVEL  
2TRURO BUSINESS SPACE  
PLYMOUTH BUSINESS SPACE

If you enjoy working with products, services and people, building relationships, addressing challenges, being creative in offering solutions, thinking independently and delivering to targets, this apprenticeship will suit you. The sales apprenticeship supports a wide range of sales related job roles across a wide range of industries, including retail, banking, estate agency, motor sales, hospitality, recruitment, leisure, and telesales.

**Duration**

One year full-time

**Entry requirements**

You will need to be employed in a relevant sales position and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

You will attend college one day per week, while the remainder of the week is spent in the workplace. The areas covered range from generating and qualifying sales leads, building rapport with customers to negotiating and closing sales. Content covered will include:

- Understanding the sales environment
- Understanding techniques and processes for effective selling
- Understanding business awareness in sales
- Principles of presentations and demonstrations in sales

**How will I be assessed?**

The assessment will consist of a blend of examinations and portfolio building.

**What can I do after the course?**

On successful completion you will be able to perform your sales roles confidently, continue to the Level 3 Advanced apprenticeship or Institute of Sales and Marketing (ISMM) Awards, which can lead to a sales management role.

## Carpentry & Joinery Apprenticeship

LEVEL  
2CAMBORNE  
SALTASHST AUSTELL  
NEWQUAY

If you have good practical skills this apprenticeship will lay the foundation for a successful career in the construction or wood related industries. Site carpenters and bench joiners work with wood to create a variety of items including timber framing for houses, doors, windows and kitchen units.

**Duration**

Two years full-time

**Entry requirements**

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

During this apprenticeship you will learn all aspects of site carpentry or bench joinery. The course includes:

- Truss roofing
- Hanging doors
- Kitchen fitting
- Windows installation
- Making doors, windows and stairs

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Carpentry & Joinery Advanced Apprenticeship

You could work as a planner and estimator, designer, production controller or specialist craftsperson or you could start your own business.

## Furniture Making Apprenticeship

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

This apprenticeship will enable you to become qualified in furniture making, while laying the foundation for a successful career in the furniture industry. You will need to enjoy working practically and creatively, be able to follow technical drawings accurately and have good attention to detail.

### Duration

One year full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

During your study you will:

- Carry out a series of practical training pieces
- Progress on to making a cabinet and a side table
- Learn the process behind the production of standard items of furniture
- Work with natural and manufactured materials

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Furniture Making Advanced Apprenticeship

You could work as a restorer, hand crafted furniture maker, French polisher, furniture development technician, senior furniture designer, teacher or start your own business.

**"I decided to do the Level 3 Bench Joinery Apprenticeship so that I could get straight into work. By getting hands-on experience alongside a qualification, it really is the best of both worlds and I would recommend it to anyone who is thinking of going down the apprenticeship route every time."**

RYAN FREEMAN

## Plumbing Apprenticeship

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

This apprenticeship is designed for people who want to train on the job and gain a nationally recognised qualification in plumbing. You must enjoy working in the construction industry, have good practical and hand skills and be able to follow technical drawings and building plans. No two days are the same; you must enjoy doing a variety of tasks and be good at solving problems.

### Duration

Two years full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

You will attend lectures at college one day a week for two years, while the remainder of the week is spent in the work place. You will learn how to install:

- Basic cold water
- Hot water
- Sanitation
- Central heating systems
- Sheet lead systems

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Plumbing Advanced Apprenticeship

You will be a qualified plumber and in the future could become qualified to an advanced level and work as a plumbing technician or be involved in designing environmentally friendly systems.

## Roofing Apprenticeship

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

If you are interested in roofing, have a good head for heights and are able to follow technical drawings and building plans, this is a great course to kick start your career.

### Duration

Two years full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

You will learn to install, strip and reuse a variety of roof coverings including:

- Single-lap roof coverings to a variable gauge
- Plain tile roof coverings
- Regular sized natural roof slates to standard details
- Roofing backgrounds and components
- Pre-formed weathering flashings to roofs

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Roofing Advanced Apprenticeship

You will be qualified as a junior roofer and can start working towards becoming a fully qualified roofer. You may progress to the level of a supervisor or foreman or may be interested in studying further in construction, contracting operations or site supervisory.

## Signmaking Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you are working as a skilled signmaker or technician, this apprenticeship will enable you to train on the job to become qualified in signmaking. You must have good hand skills, high attention to detail and be able to follow technical drawings.

**Duration**

Two years full-time

**Entry requirements**

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

You will receive on-the-job training for one year. You will use a range of skills including graphic design and electrical engineering, and a variety of materials and learn how to:

- Design signs
- Prepare surfaces
- Cut out and build plastics into letters and logos
- Use digital technologies
- Install signs

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Signmaking Advanced Apprenticeship

You will be qualified to work as a signmaker's assistant and with further study could become a signmaker, fabricator, sign designer or installation maintenance engineer or even start your own business or be involved in teaching.

## Trowel Occupations Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This apprenticeship is designed for people who want to train on-the-job and gain a nationally recognised qualification in craft masonry. You must enjoy working in the construction industry and have good practical and hand skills.

**Duration**

Two years full-time

**Entry requirements**

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

During this apprenticeship you will:

- Build cavity walling forming masonry structures
- Plaster and render surfaces
- Interpret working drawings to set out masonry structures
- Maintain slate and roof tiling
- Build solid walling masonry structures.

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Trowel Occupations Advanced Apprenticeship

You will be qualified to a semi-skilled level in craft masonry. Once you are fully qualified you could progress to a foreman or supervisory role within the construction industry.

## Warehousing & Distribution Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This apprenticeship deals with the movement and storage of goods, and is an essential part of logistics operations. As a warehousing and storage apprentice you will train on-the-job and gain a nationally recognised qualification in warehousing and distribution.

**Duration**

One year full-time

**Entry requirements**

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

During this apprenticeship, you will have the opportunity to tailor your learning to suit your job. Units could include:

- Operating equipment
- Receiving and dispatching goods
- Managing stock levels
- Processing orders
- Storing goods safely

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Warehousing & Distribution Advanced Apprenticeship

You will be qualified to the level of a warehouse operator and could progress to a more senior position with more responsibility e.g. warehouse supervisor or manager.

## Wood Machining Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This apprenticeship is for people who want to become a qualified wood machinist, while laying the foundation for a successful career in the construction or wood related industries. Wood machinists prepare, cut and finish a variety of wood-based products including chipboard, plywood and medium density fibreboard.

**Duration**

Two years full-time

**Entry requirements**

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

You will learn the correct methods for:

- Setting out joinery
- Using wood machines

You will produce sawn, planed, profiled, jointed, sanded and bored timber, and timber based products using CNC or NC machines. Depending on your job role and industry, you may have the opportunity to work on a variety of products.

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Wood Machining Advanced Apprenticeship

In the future you could work as a wood machinist, CNC programmer, technician, quality assurance manager, supervisor, designer or teacher.

## Engineering Apprenticeship

LEVEL  
2LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This apprenticeship is for you if you want to become a qualified engineer, and provides an ideal foundation for a wide range of occupations within the engineering field. You must have good practical skills, be able to follow technical drawings and work carefully and methodically.

### Duration

Two years full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have three GCSEs at grade C+ in English, mathematics and IT.

### What does the course involve?

During this apprenticeship you will have the opportunity to tailor your learning to suit your job. Your work could include:

- Fabrication
- Welding
- Maintenance engineering
- Machining

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Engineering Advanced Apprenticeship

The choice of careers in engineering is huge but you could go on to work as an electrical engineering technician, engineering maintenance fitter, mechanical engineering technician, project manager or programme director.

## Vehicle Body & Paint Apprenticeship

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This apprenticeship is designed for people who enjoy working in the motor vehicle industry, have good practical skills and a good eye to assess damage. This apprenticeship supports those working as a trainee body repair technician or a trainee body finishing technician.

### Duration

Two years full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

During this apprenticeship, you will have the opportunity to select a pathway that suits your job. You can choose from the following:

- Body repair - remove, repair, replace and fit non-structural vehicle body panels
- Paint refinishing - prepare and apply foundation materials to vehicles and fix minor paint defects

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Vehicle Body & Paint Advanced Apprenticeship

You will be semi-skilled and qualified to work as a junior technician in vehicle repair and paint refinishing operations. In the future, you could work as a body repair technician, body finishing technician or start your own business.

## Vehicle Maintenance & Repair Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This apprenticeship is designed for people who enjoy working in the motor vehicle industry and have good practical skills. This apprenticeship supports those working as a trainee vehicle technician or auto electrician in light vehicles, motorcycles or heavy vehicles.

### Duration

Two years full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

During this apprenticeship, you will have the opportunity to select a pathway to suit your job and:

- Carry out routine maintenance and basic repairs to vehicles
- Replace engine units
- Replace auxiliary electrical units
- Replace vehicle chassis or frame units and components

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Vehicle Maintenance & Repair Advanced Apprenticeship

You will be semi-skilled and qualified to work as a trainee technician in vehicle maintenance and repair. In the future, you could work as a vehicle technician, auto electrician, MOT tester or start your own business.

## Vehicle Parts & Operations Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

This apprenticeship is designed for people who enjoy working in the motor vehicle industry and have good customer service and administrative skills. This apprenticeship supports those working as a trainee vehicle parts operative.

### Duration

Two years full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

You will provide assistance and support to customers ordering vehicle parts and be responsible for:

- Processing orders
- Receiving and dispatching vehicle parts
- Checking in stock on the computer system
- Assisting customers in person or over the phone

The customer base will vary and may include large dealerships, small garages and members of the public. You will develop good customer service skills, while helping your company maximise sales through providing an excellent customer experience.

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Vehicle Parts & Operations Advanced Apprenticeship

You will be semi-skilled and qualified to work as a junior vehicle parts operative.

## Barbering Apprenticeship

LEVEL  
2LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

If you are interested in cutting and styling male hair and working on a one-to-one basis with clients, this is an ideal course for you to start your career.

**Duration**

One year full-time

**Entry requirements**

You will need to be employed in a salon environment and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

You will attend college one day per week, while the remainder of the week is spent in the workplace. You will learn how to:

- Perform shampoo and conditioning treatments
- Cut hair using barbering techniques
- Dry and finish hair
- Cut facial hair
- Advise clients

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Barbering Advanced Apprenticeship

As a qualified barber you could work in a variety of places including barber shops, salons and hotels.

## Hairdressing Apprenticeship

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

If you are looking to train on-the-job, this apprenticeship will give you a nationally recognised qualification in hairdressing. You must enjoy working within a salon environment and enjoy working on a one-to-one basis with clients.

**Duration**

Two years full-time

**Entry requirements**

You will need to be employed in a salon environment and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

During this apprenticeship you will attend lectures at college one day a week for two years, while the remainder of the week is spent in the workplace. You will work as a salon junior:

- Booking appointments
- Shampooing, conditioning, drying, styling and colouring hair
- Helping with hair and skin testing
- Understanding hair colour selection

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Hairdressing Advanced Apprenticeship

You will become a qualified junior stylist and can work in salons or hotels.

"I'm glad that I decided to do an apprenticeship rather than go to college full-time as apprenticeships are great for those who learn visually and not from a book. An apprenticeship isn't an easy way out because you do have to work really hard. In return you get a real experience where you gain good people skills and much more confidence and you also get paid a wage."

BRONTE JAMES

## Health & Social Care Apprenticeship

LEVEL  
2

CAMBORNE      ST AUSTELL  
SALTASH      NEWQUAY

This apprenticeship supports a variety of roles including healthcare support workers, care assistants, personal assistants and mental health support or outreach workers. You must have good interpersonal skills, respect for people who use the service and good verbal and non-verbal communication skills.

**Duration**

One year full-time

**Entry requirements**

You will need to be employed within the health and social care sector and ideally have two GCSEs at grade C+ in English and mathematics.

**What does the course involve?**

During this apprenticeship you will have the opportunity to tailor your learning to suit your job. Some examples of units include:

- Infection control
- Dementia awareness
- Supporting people with learning disabilities
- Support for mobility
- Hygiene care

**How will I be assessed?**

There will be a mix of assessment and examination.

**What can I do after the course?**

On successful completion you will be able to progress to the:

- Health & Social Care Advanced Apprenticeship

With further study you can progress to more senior positions in social care work or care home management. In the future, you may be interested in studying further in healthcare, nursing or midwifery.

## Hospitality & Catering Apprenticeship

LEVEL  
2LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

The hospitality, leisure, travel and tourism sector is one of the UK's largest employers. Having a relevant qualification will give you a head start in this industry. You must enjoy working with people.

### Duration

One year full-time

### Entry requirements

You will need to be employed within the catering and hospitality sector and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

This apprenticeship will provide you with a solid foundation of skills for a role in a kitchen or front of house. The apprenticeship allows you to select from a variety of pathways including:

- Professional cookery
- Food and beverage service
- Front of house
- Hospitality services
- Housekeeping
- Licensed hospitality

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Hospitality & Catering Advanced Apprenticeship

You could progress to a variety of job roles including pastry or sous chef, team supervisor, head waiting or bar staff, food and beverage, restaurant or floor manager and ultimately a general manager position.

## Nail Services Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you want to become a qualified nail technician, enjoy working in the beauty industry and working with clients, this is a good course for you to start your career. You will need good hand to eye coordination to carry out your work, as well as good customer service skills as you will be working with clients all day.

### Duration

One year full-time

### Entry requirements

You will need to be employed as a trainee nail technician and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

During this apprenticeship you will learn how to assist senior nail technicians in performing:

- Manicures
- Pedicures
- Natural nail wraps
- Hand and nail treatments
- Nail extensions
- Basic nail art techniques

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Nail Services Advanced Apprenticeship

You will be a qualified junior nail technician where you will assist senior technicians in performing a number of procedures. You could work in a variety of locations including salons, spas, resorts or hotels.

## Retail Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

The skills acquired in this apprenticeship are transferable to any job or industry, so it's a good course to kick start your career. This apprenticeship supports a wide variety of job roles.

### Duration

One year full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

This apprenticeship is work-based, so you will receive on-the-job training for 12 months. You will have the opportunity to select units to suit your job role and industry, for example:

- Processing orders
- Providing counter service
- Putting together visual merchandise

### How will I be assessed?

There will be a mix of assessment and examination.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Retail Advanced Apprenticeship

You will be qualified to assistant level and with further study you may progress to a more senior position with more responsibility, perhaps senior assistant, advisor, supervisor, team leader or manager.

## Beauty Therapy Apprenticeship

LEVEL  
2

CAMBORNE	ST AUSTELL
SALTASH	NEWQUAY

If you love helping people look and feel great and you are serious about a career in beauty, an apprenticeship will equip you with the latest skills.

### Duration

One year full-time

### Entry requirements

You will need to be employed in a relevant role and ideally have two GCSEs at grade C+ in English and mathematics.

### What does the course involve?

You will be learning in Cornwall College's purpose-built salons, training in a commercial environment to a high industry standard. You will learn about:

- Advising clients
- Pedicures
- Manicures
- Facials
- Waxing

### How will I be assessed?

There will be a mix of exams and college and work-place assessments.

### What can I do after the course?

On successful completion you will be able to progress to the:

- Beauty Therapy Advanced Apprenticeship

You will be qualified as a junior beauty therapist and could progress on to many different careers including make-up artist, managing your own salon, working on cruise liners or teaching.

# CORNWALL COLLEGE STUDENTS' UNION

YOUR UNION, YOUR VOICE  
[www.cornwallstudents.org](http://www.cornwallstudents.org)

Hi, I'm Charlotte, and I'm the elected President of Cornwall College Students' Union (CCSU). CCSU exists to represent your voice at every level in the College and to make sure you have a fantastic time while you are a student with us. Every campus has a team of elected student officers who will be working hard all year, from organising parties, to running campaigns, and you have plenty of chances to get involved. The Students' Union is one of the best things about the College and you have the power to determine what it's doing!

Charlotte Knight, President of Cornwall College Students' Union

CCSU is actively involved in:

- Representing students
- Clubs and societies
- Organising parties, events and Freshers' Fair
- Volunteering work and qualifications
- Running campaigns on campus
- Producing the CCSU magazine and website.

# CORNWALL COLLEGE SPORT

At Cornwall College we want to help you build a brighter future for yourself through sport, from recreational to elite.

We will make sure you have the best resources, teaching and coaching, that will challenge, engage and motivate you, as well as encourage your aspirations and ambition.

We are one of only two colleges nationally to have three Sports Makers, whose role is to increase student participation in sport by engaging with community sport opportunities.

Sports programmes can be taken in conjunction with your full-time course. On a sports programme you will develop individual and team skills, personal strength and fitness and your ability to analyse your game, no matter what your aptitude and ability. This will be achieved through fitness sessions, coaching, theory lessons, nutrition, game analysis and skills training.

Read more at [www.cornwall.ac.uk/sport-cornwall-college](http://www.cornwall.ac.uk/sport-cornwall-college).

# MORE INFO ABOUT CORNWALL COLLEGE

## Supporting you

Our student services team is Investor in Careers and the MATRIX Standard Award accredited so you can be sure of getting the information and advice you need on:

- Accommodation
- Careers
- Childcare
- Disability support
- Equality & Diversity
- Finance & funding
- Health & welfare

You can contact student services by calling 0845 22 32 567 and asking to speak to the support services team on the campus where you want to study or by email to [enquiries@cornwall.ac.uk](mailto:enquiries@cornwall.ac.uk).

## Accommodation

Most of our students who join us from school continue to live at home, however if you intend living independently we can provide you with:

- A list of accredited accommodation providers
- Information and guidance on what to expect

We do recommend that if you are under 18 years you opt for bed, breakfast and evening meal.

## Careers

As a student you can access our extensive resources and contact us at any stage during your course for advice on careers and further study. We offer:

- Well stocked careers libraries including details of employers, occupations, university prospectuses, reference books and CD ROMs
- Individual guidance interviews with careers advisors
- Careers education on job and training opportunities
- Computer-aided career choice programmes and information databases
- Help with employment, training and education applications

## Childcare

If you have children we are keen to help you with the cost of your childcare and you may be eligible for financial support while you are with us.

You do not have to be in receipt of benefits or on a low income in order to have your childcare paid if you are under 20 years old as there is a special scheme for you – Care to Learn. This childcare support:

- Will not affect your own or your family's benefits
- Isn't means tested
- Isn't only for people in receipt of benefits or on a low income
- Will be paid direct to your childcare provider

We have crèches on or near our campuses at:

- Camborne
- Saltash
- St Austell

Childcare providers must be OFSTED registered. So you can be sure that while you are studying your child will be in good hands.

To find out if you are eligible for support call 0845 22 32 567 and ask to speak to the support services team on the campus where you want to study, or email [enquiries@cornwall.ac.uk](mailto:enquiries@cornwall.ac.uk).

## Equality & Diversity

Cornwall College is committed to equal opportunity for all and recognise that valuing and embracing diversity is the key to providing high quality teaching and learning.

We take pride in serving the local communities of Cornwall and are fully committed to promoting equality of opportunity, access, dignity and fairness.

## Finance & Funding

If you are under 19-years-old on 31st August 2014 there are currently no tuition or examination fees but there may be additional costs. To help with these costs you can apply for our Further Education Bursary scheme.

# MORE INFO ABOUT CORNWALL COLLEGE

## Will you be eligible for the Further Education Bursary?

Based on our bursary for 2013 you will be eligible if you:

- Are enrolled on your course
- A resident in the UK for the last three years
- Have a household income of less than £21,000 a year\*

(If you have a household yearly income of less than £16,000 you will receive a sundry expenses allowance in addition to the above).

\* If you are 16-18-years-old with a household income of up to £31,000 you can still claim the Transport Bursary which we plan on continuing in 2014, which will provide you with a free bus pass.

## When should you apply?

Funds are limited so we encourage students to apply as soon as possible.

## What assistance is offered?

If your bursary application is successful it can include:

- The full cost of a bus pass - if you live more than three miles from the College
- Disclosure & Barring checks for relevant courses
- Funding for some items relating to your course, e.g. uniform, protective clothing, course trips
- Guaranteed Bursary\* of £1,200 per academic year, paid weekly to eligible students
- Childcare

Application forms and administration procedures are available from any of our Student Services departments.

\* To qualify for the guaranteed bursary you must be 16-18-years-old and either in care, a care leaver, personally in receipt of Income Support or of both Employment Support Allowance (ESA) and Disabled Living Allowance (DLA).

Government funding can be subject to change so the information on finance and fees listed may change. However the most recent information will always be available on our website at [www.cornwall.ac.uk](http://www.cornwall.ac.uk) or by calling our student services team on 0845 22 32 567.

Don't let finance worries put you off studying – talk to the student services team where you are thinking of studying.

**Cornwall College Camborne**  
01209 616273

**Cornwall College Newquay**  
01637 857960

**Cornwall College Saltash**  
01752 850253

**Cornwall College St Austell**  
01726 226404

They will help you understand what support is available for you.

Help is also available for students aged 19+. Many of our students are eligible for a fee waiver, a bursary to cover fees or a student loan. Please call any of the numbers above or visit [www.cornwall.ac.uk](http://www.cornwall.ac.uk) to find out more.

## Health & Welfare

Your health and welfare are important to us and they will have an impact on your study and achievements. We provide a wide range of help including:

- Up-to-date information on health-related matters
- Basic legal and consumer advice
- Managing a budget and coping with debt
- Entitlement to benefits
- Contact with outside specialist agencies
- Contact with local GPs
- Counselling services

Whether you need our help to begin studying with us or to cope with something that happens in your life while you are with us, we are here to help – our advisors are trained professionals and our service is confidential.

# SUPPORTING YOUR STUDIES...

## Enrichment

College is about more than studying. We have excellent facilities to make your leisure time as productive and inspiring as your lecture time.

You will have the opportunity to:

- Join sports teams
- Attend annual social events like the Beach Games
- Take part in enriching activities like canoeing, climbing, shopping trips and riding.

If you want that little extra to help your CV stand out to potential universities or employers, extra qualifications are available in addition to your main course of study.

## Disability Support

We warmly welcome and support students with disabilities and are fully committed to widening your opportunities by providing additional support to ensure you the maximum benefit from your studies. The word disability covers a wide range of circumstances including:

- Physical or sensory impairment
- Dyslexia
- Medical conditions
- Mental health
- Learning difficulties

These are just a few and although we know what we can offer, you are the best to judge what you need us to do for you so please call 0845 22 32 567 and ask to speak to the support services team on the campus where you want to study, or email [enquiries@cornwall.ac.uk](mailto:enquiries@cornwall.ac.uk).

## Your own personal tutor

At college your personal tutor is responsible for monitoring your progress and welfare. They will work closely with you through tutorials to:

- Build your Individual Learning Plan
- Review and record your progress and achievements
- Help you to map out your future

You will also have a senior tutor, for additional help and guidance.

If you have any problems about any aspect of your studies we provide you with an experienced study support tutor who will work with you to develop your skills and help improve your grades.

## Moodle

Moodle is a Virtual Learning Environment. This is an internet tool where you can:

- Access resources unique to your course
- Join in discussion forums with other students
- Contact tutors and other students via email and messaging

Moodle is available 24 hours a day every day of the week.

## Learning Resource Centres

Every campus has at least one modern learning resource centre, fully equipped with:

- Electronic journals
- Books, magazines and newspapers
- Computers

Our learning resource centre staff are on hand to help you with:

- Assignments
- CV preparation
- Job applications

You can drop in anytime – or book in advance for a one-to-one tutorial.

## Computer access

When you enrol with us you will be issued with your own log-in giving you access to the virtual Student Central: the College's online comprehensive information and communication resource. It's through this system that you can access:

- Your college email account
- Your timetable
- The College's WiFi
- Our video portal where you'll find the latest TV programmes that might help with your studies
- Your printing account which is preloaded with credit.

# UNIVERSITY STUDY

As a university student at Cornwall College, you can gain qualifications while studying at one of our campus sites: Camborne, Newquay, Saltash and St Austell.

Cornwall College offers foundation and honours degrees awarded by Plymouth University, in business and information technology, creative arts and media, health teaching and social sciences, hospitality and tourism, marine studies, science, engineering and technology, and sports and public services. On successful completion you will be invited to our full cap and gown awards ceremony.

## Enjoy:

- Small study groups
- Excellent record of student success
- New facilities
- Personal attention from highly qualified tutors
- Strong industry links
- Good employment prospects

All applications for full-time courses need to be made through UCAS – for full details of courses at any of our campuses, and how to apply, call for a copy of our university prospectus.

**For more information call 0845 22 32 567,  
email [uni@cornwall.ac.uk](mailto:uni@cornwall.ac.uk) or go to  
[www.cornwall.ac.uk](http://www.cornwall.ac.uk).**

Course offer subject to change, please check [www.cornwall.ac.uk](http://www.cornwall.ac.uk) for latest offer.

# HOW TO APPLY

## Step 1 Your application

You can complete your application:

- Online at [www.cornwall.ac.uk](http://www.cornwall.ac.uk)
  - Using the application form on the next page
  - At school using the 16+ Options form
  - At one of our Information Events

## Step 2 Your interview

You will be invited to attend an informal interview to make sure you have made the right choice and so we can answer any questions you may have. Some courses also hold an Introductory Day in late June or early July where you can gain some practical experience in your chosen subject(s) and get to know the College a bit better.

## Step 3 Accept your place

After your interview we will write to you to confirm that you have:

- An unconditional place
  - A conditional place  
(based on gaining certain grades)

You must immediately complete and return the acceptance slip contained in the letter, don't forget to do this, it's important that we know you are coming.

If you receive a conditional place and discover that your grades are higher or lower than you expected you should contact us to discuss your options.

## Step 4 Your enrolment

We hold enrolment days in late August to early September and you will be notified well in advance.

## Step 5 Induction

During Induction Week you will have the chance to:

- Get to know your fellow students
  - Get to know your tutors
  - Find the best places to eat
  - Explore the learning facilities
  - Get involved in a host of activities

At the start of term there's also the Cornwall College Students' Union Freshers' Fair to look forward to.
